Drum majors David Mason and Bruce Preston led our 200 strong **Bruin band** through Homecoming and Disneyland parades and spectacular halftime shows. Under the direction of Mr. Roland Sandberg, the marching band brought excitement to those who were able to be entertained by them.

Majorettes, shield, bell, and banner girls added both color and skill to the ranks of the red, black, and gold worn by the musicians.

Performing in the traditional Homecoming black-out show and the new pre-game bonfire, our marching band helped stir spirit and pride in our football, drill, and yell teams. This year's band merits a good looking over.

Under Mr. Rolland Sandberg's superb direction, the Wilson High **jazz ensemble** proved once again they were one of the top jazz bands in California. The dedicated jazz ensemble was one of three jazz bands chosen from seven western states to perform for the National Music Educator's Convention at the Anaheim Convention Center. The band travelled to Sacramento and luxurious Reno for performances. The jazz band earned their own money to pay for these trips by playing for the Long Beach Downtown Association, the Rotary Club and various dances.

Left, left, left ... guide up to your right ... no, no, now to the left! O.K. one more time 5,6,7,8-1,2,3,4 again 5,6,7,8 ..." could be heard as Ruth Stammerjohn and Erika Sales led **Bruinettes** through rigorous practice sessions!

Bruinettes were determined to knock the socks right off every Wilson fan in the stands, which they did!

"Hey, look me over" was the season opener for Bruinettes new look! They enhanced every halftime show with an array of favorite routines consisting of the traditional fight songs, "Rock Right On," "Solid Soul," Rappin' On" and "State Lake."

Sponsored by Mrs. Janet Mason, the Bruinettes performed in a special Wilson Homecoming parade and rally in the fall and at Disneyland in the spring.

What's new? **Sophomore yell** that's what. 1978 brought back a Wilson sophomore yell squad to cheer on sophomore teams in all their activities. The squad is not only new, but has its first male yell leader, Ammon Strehlow. The other talented members were: Christy Hartnell, Linda Inge, Liz Knowlton, Edie Mermelstien, Denise Ruppert, and Karen Talley. In the words of Miss Karen McGrew, their sponsor, "They're a super group."

JV yell showed unmatched enthusiasm in everything they did. Cheering on the football and other junior varsity teams in sports and activities were yell leaders: Kelly McDonnell, Robin Irwin, Shari Powell, Millicent Borges, and Mary Quigley.

They also marched with the other yell teams in the Homecoming parade and cheered at the Homecoming Varsity football game, adding all their voices to everything that is Wilson.

jv, soph yell bring pride

Varsity yell has a new look-guys! Dave Mullen and Jim Ruttman added a touch of masculinity and spirit to the '78-'79 squad. Lyle Massey, Brenda Babcock, Keri Flynn, Nichelle Bartell, Lisa Hartnell and Karen Berry were the other new spastiks that set off a burst of creativity to originate new yells and chants, while the old pros, Laurie Kouzes and Lora Began, kept the group from "going bananas." Besides getting football games off the ground, varsity yell had enough "soul, S-O-U-L" for basketball, waterpolo, wrestling, gymnastics and every other sport they could fit in. Miss McGrew, four year sponsor of yell, was impressed with their talent. "They're a good group to work with ... very sincere about their work ... lots of talent." There's never a dull moment with the constant enthusiasm radiated by the group. Varsity yell was too busy "stompin' and gettin' down" to have the "boogie woogie blues."

varsity yell 'goes bananas'

1. "Rockin' steady" with the beat of the beat of the band was Karen Berry. 2. Bruin spirit was on the loose with Keri Flynn and Brenda Babcock. 3. Laurie Kouzes promotes pride at the Milkbowl. 4. Varsity yell show their Bruin pride: Lisa Hartnell, Nichelle Bartell, Dave Mullen, Karen Berry, Lyle Massey, Jim Ruttman, Lora Began, Keri Flynn, Brenda Babcock and Laurie Kouzes.

Who is it? Was a question asked many a time when the topic of **Woody** or **Wilbur** was brought up around school. Mary Ann Kielb and Kathie Lowe were the twosome behind the antics on the field during a game.

"I think Mary Ann and I had the most fun and we didn't even spend time after school practicing to look good," remarked Kathie, who masqueraded as Wilbur.

"Rowdy," "outrageous," and "weird" are three words that could describe **Rally**. Led by Lynn Sperato as Fall rally chairman, this year's group got together and cheered their favorite jocks on to victory.

**woody, rally
keep movin'
with high spirit**

1. Rally members Renee Beckett and Mary Flynn get in the spirit of homecoming. 2. The two radicals who pranced around as Woody and Wilbur were Mary Ann Kielb and Kathie Lowe. 3. '78-'79 Rally members. 4. A big bear hug stirs enthusiasm before a rally. 5. Two loveable Bru-ins were seen at almost every Wilson event.

1. Students gather around Woody in the wee hours of the morning after decorating booths all night. 2. Varsity football players Don Seaman, Pete Cruz, Eric Senske and Brett Dreiske kick back while their fans applaud them at the homecoming parade. At the pep building bonfire the night before homecoming, Ken Houp, Tony Gaeta and Gordon Simons indicate their opinion of the Millikan game's outcome. 3. Activity Director Miss Karen McGrew and Homecoming Queen Nichelle Bartell exhibit their Wilson spirit. 4. Mrs. Ethel Whelton was chosen by Key Club as the homecoming queen of the fortnight for being her unselfish self. 5. big 'howdy'
greet alumni

Handfuls of cowboys and saloon girls enjoyed themselves at Wilson's **52nd homecoming**. A parody of "Home, Home on the Range" emphasizes the spirit that existed around the quad:

'Oh give me a home,
Where Wilson students all roam
Cause their homecoming is best of all days.
Where cowboys are found
Running all around
And the best is the Wilson parade.
Home, home in the quad
Where the students and alumni play.
Where always is heard
A spirited word
And the skies are not smoggy all day.'

dudes, cowboys don best duds for western days

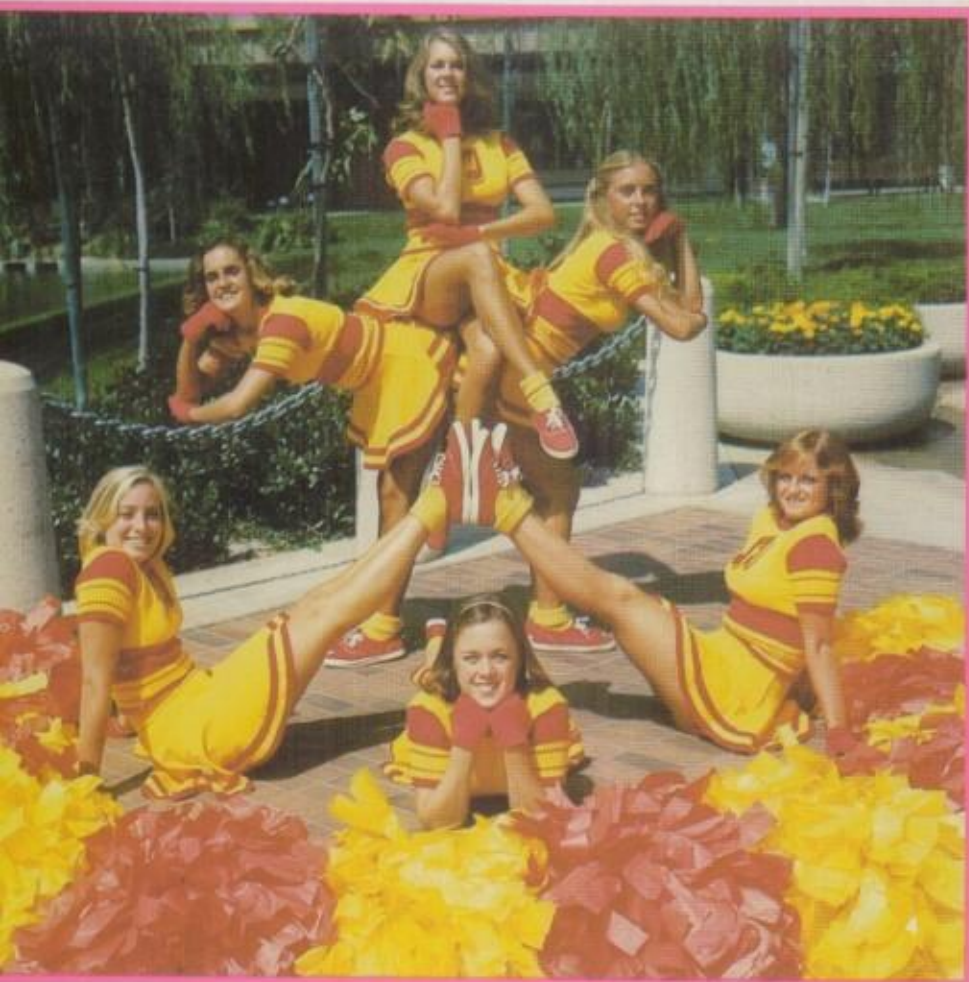

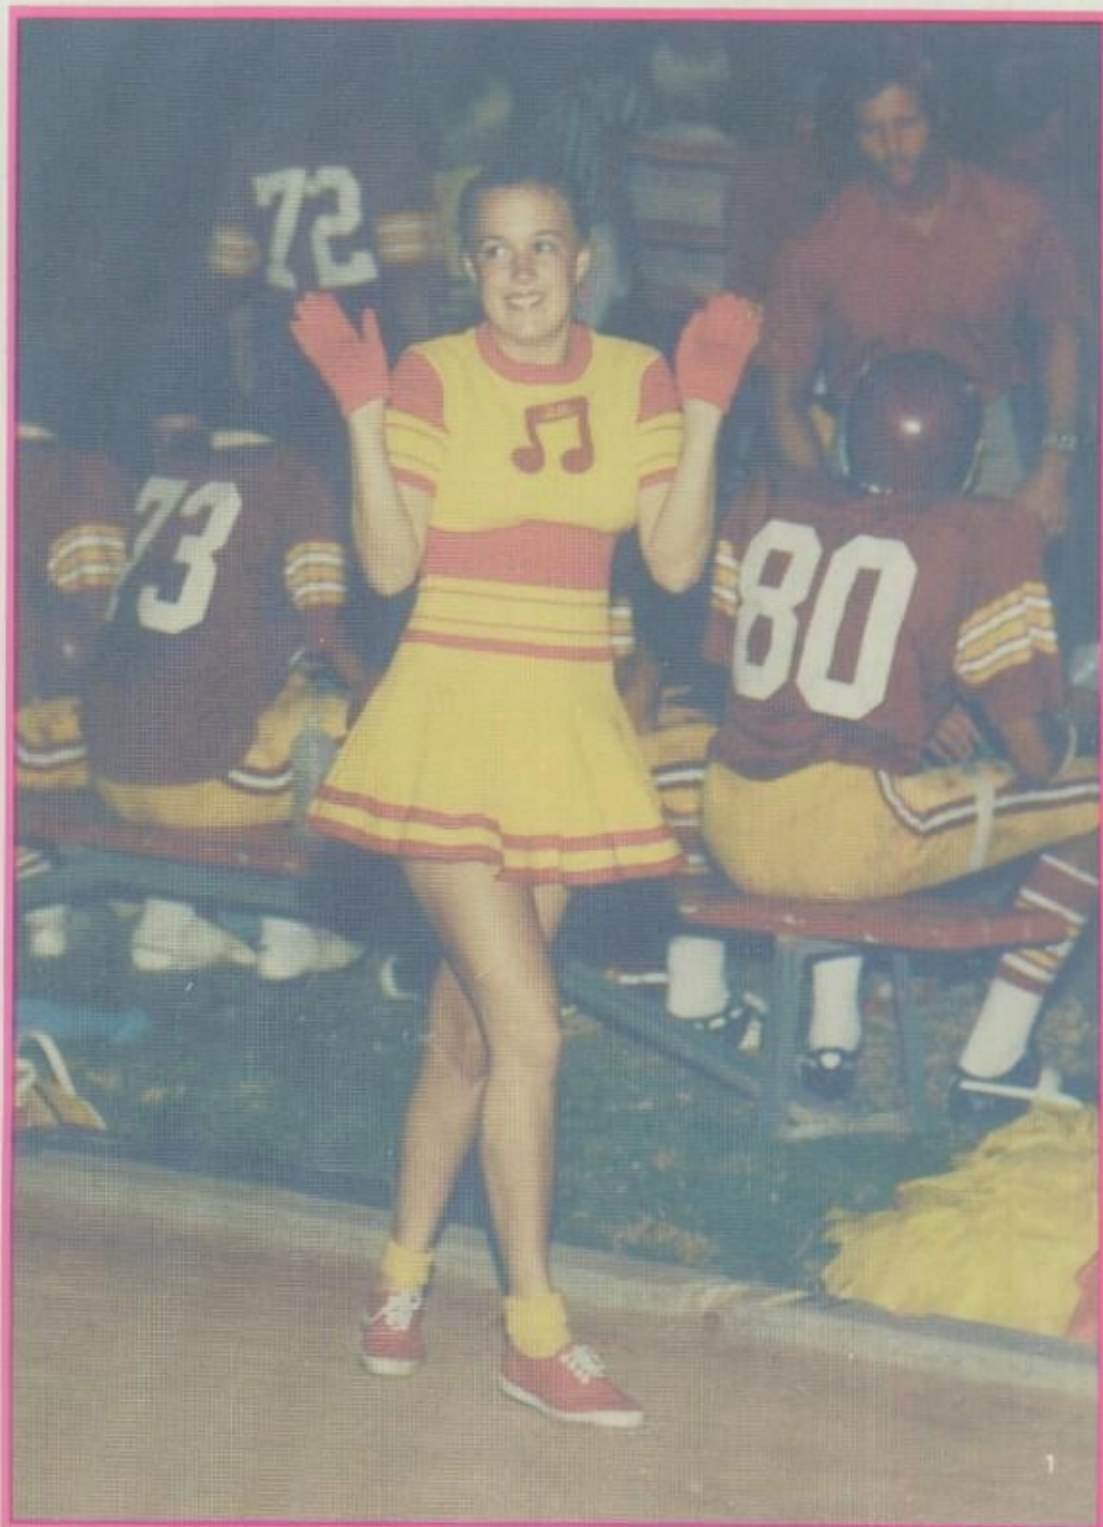

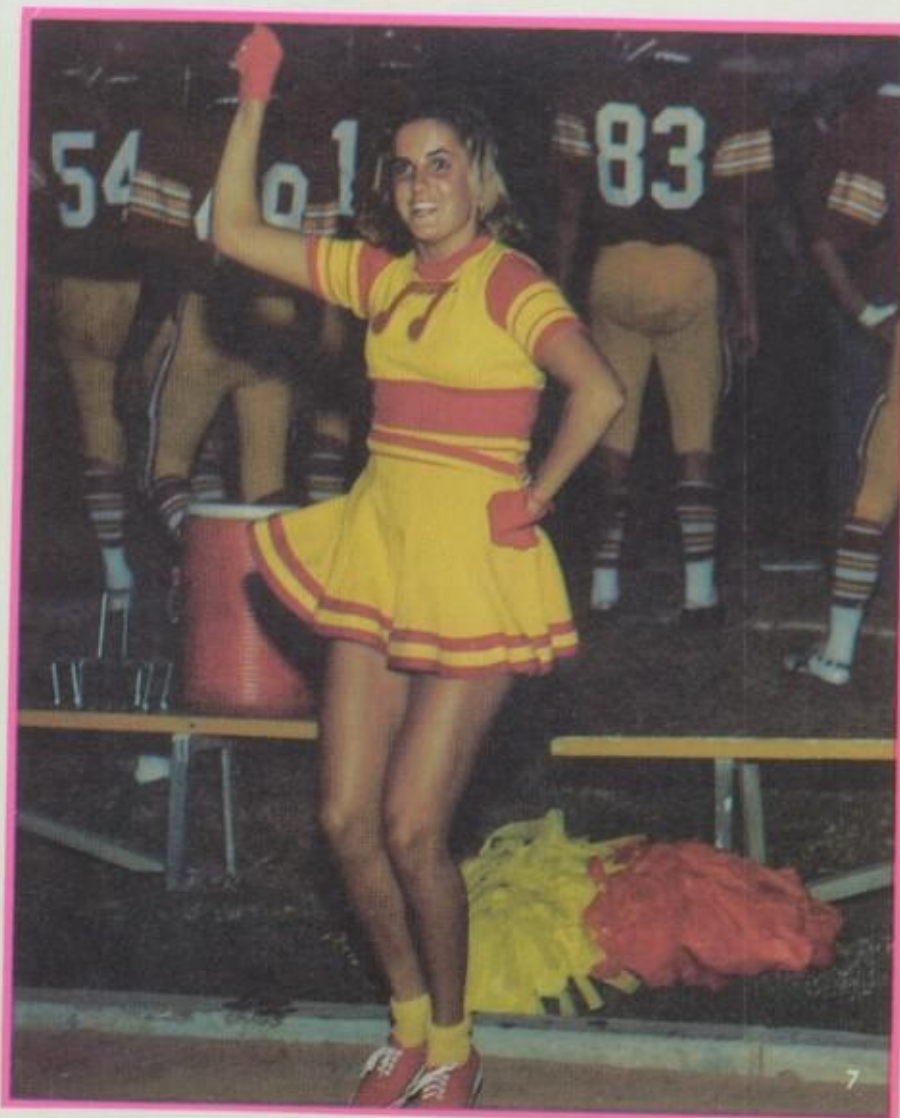

1. "I wish I had a pass to get out of class," dreams Michelle Anderson. 2. Derek Pakiz and Ray Armstrong enact a mock suicide pact. 3. Bob Slater, Troy Jensen, Russ Shubin, and Guy Robinson all look with awe, or could it be shock, at the homecoming activities. 4. Sherry Diamond proves she can eat and read at the same time. 5. The always smiling Margie Diliberto sold lemon and orange sticks to hungry ranchers. 6. Under the cover of darkness, Julie Delaplane, Lyle Massey, and Erika Sukstorf roll out one of the first posters of the day. 7. After a good, long whiff of helium, Angie Diliberto spoke three ojectives higher to amuse her friends.

Practice ... shin splints, aching muscles ... practice ... aspirin, ace bandages ... practice ... tears ... pom poms, flags ... practice ... rallies, half-time shows ... and more practices were all part of being a **pepster**. This outstanding group, led by Betty Sinow, head pepster; Kristin Holm, head song; Lauren Luker, head flag; and Marilyn Flint, head majorette, began practicing at the end of last year and went right on through the summer. Mrs. Margaret Kemp continued as sponsor, making this year her tenth.

The girls attended Hibbards camp from July 12-15 to acquire new steps and other methods of coordinating routines. Although Mrs. Kemp's motto is tough, "perfect practice makes perfect," the pepsters managed to live up to her expectations. "There's a lot of skill in the group ... very dedicated ... hardest working group I've had," remarked Mrs. Kemp.

nothing 'routine' about pepsters

1. Performing the traditional Mr. Touchdown routine was Patty King. 2. Betty Sinow boogies with Woody during the Fountain Valley game. 3. "Go, go get em' get em' fight, fight!" Lauren Luker finishes yell in her unique fashion. 4. The song girls' dazzling appearance added color to any event: Betty Sinow, Carol Carne, Kathi Henshaw, Patty King, Kristin Holm and Joyce Van Zant. 5. Marilyn Flint, Marissa Purvis and Laurie Frame, the talented majorettes, spent hours practicing to execute fine performances. 6. McKennas's Creek was a peaceful setting for flag girls Michelle Steuber, Jana Holmgren, Virginia Carey, Jodi Hein, Jodi Goss and Lauren Luker. 7. "Dy-no-mite" is the only way to describe Joyce Van Zant's performance.

To the average Wilson student the functions of the **Campanile** staff are vague and blurry. In an attempt to explain the class, its members were posed with this question, "What do you think of this class?" Their interesting replies were:

"Something Printable"

"Yearbook is Uhh ... Well ... Uhh ..."

"It's Nice."

"Very Unor ..., no I can't say that."

"I don't know."

"Intellectually stimulating"

"None of your business!"

"It's a party."

"Everybody's crazy."

"I like my editor."

"Stupid."

"Ha Ha Ha Ha Ha ..."

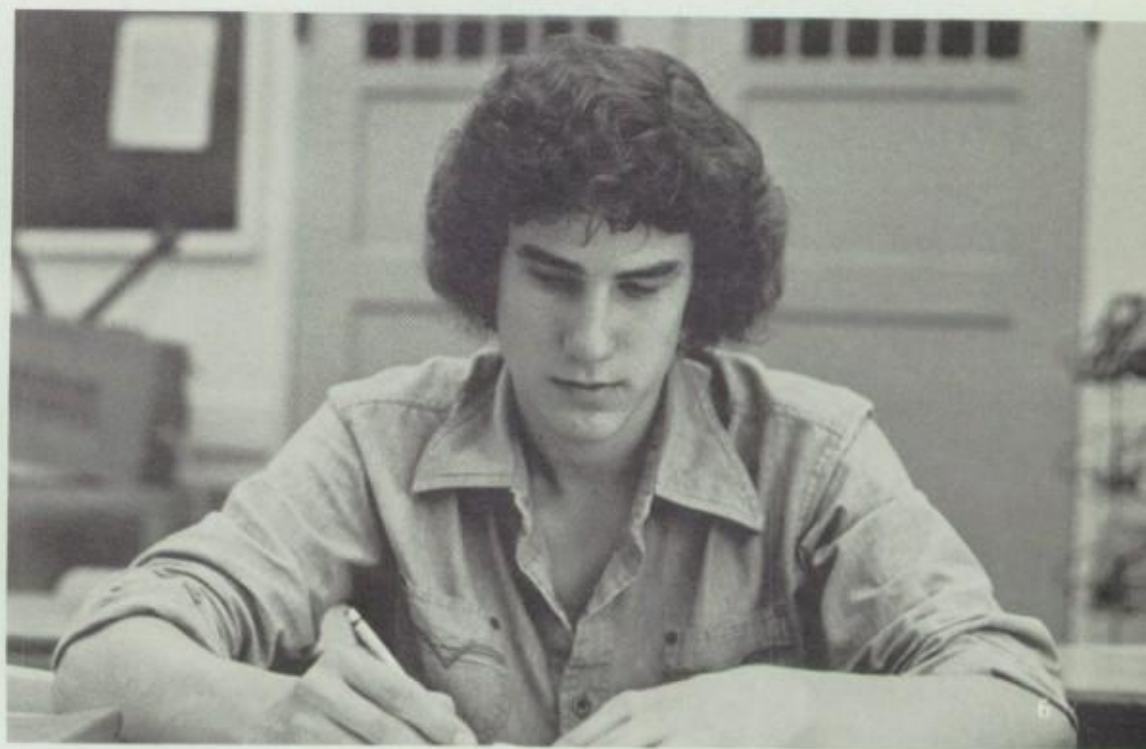

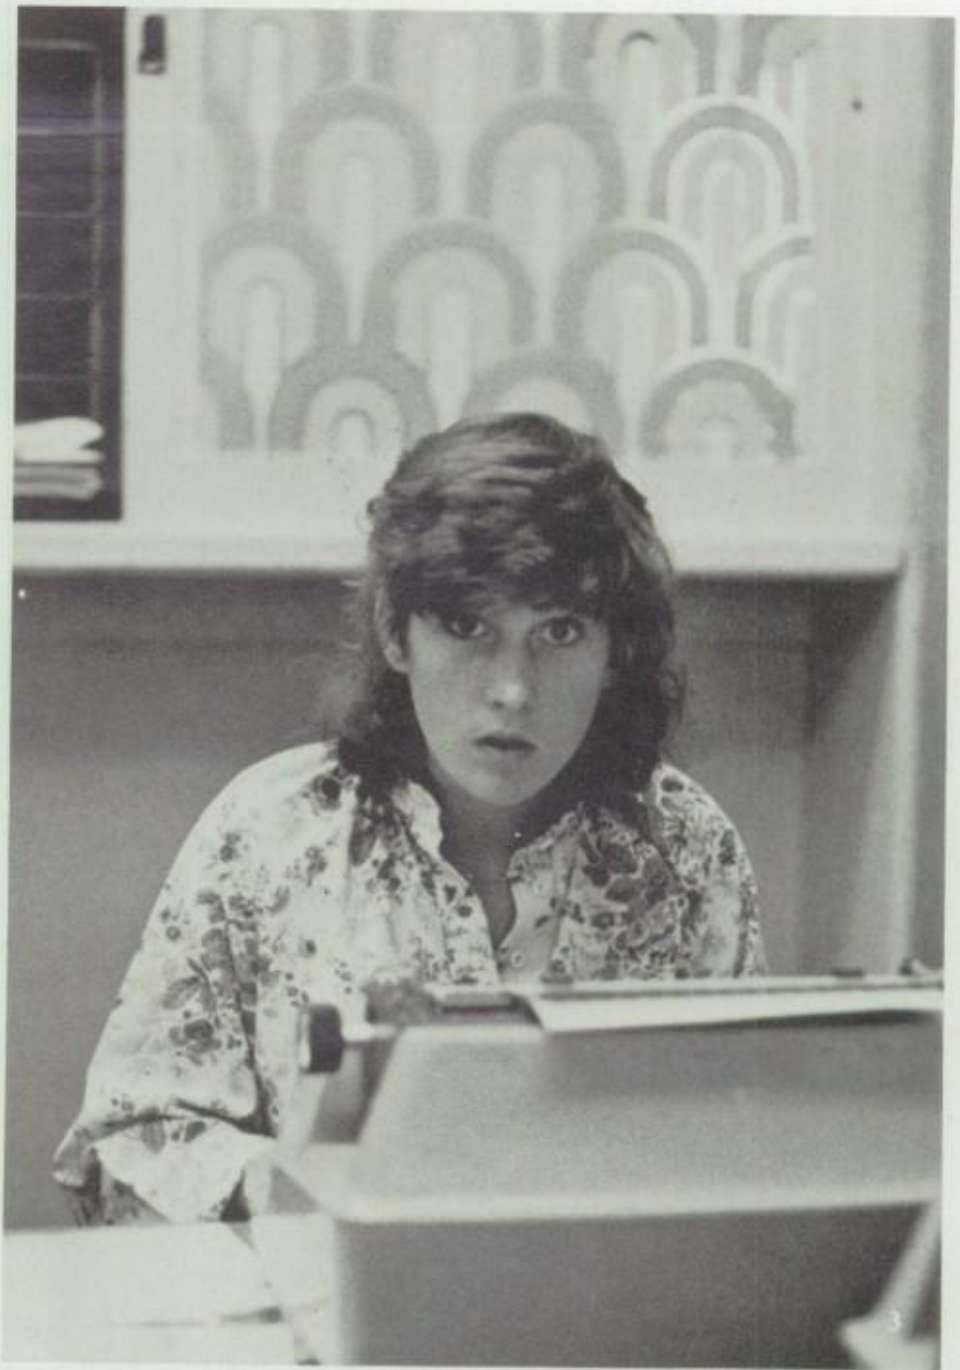

"It's great."

"Not Much."

"I'm too busy to think."

campanile?
it's ... uhh ...
well ...

1. Kathie Lowe asks Miss Stimsom for assistance, again and again ... 2. Always glad to help, editor Ruth Stammerjohn comes to the aid of a bewildered Chris Kaesman. 3. Shelley Fernald caught in her favorite position at the typewriter. 4. Campanile staff: Front Row-Sam Morris, Mindy Foreman, Erika Sales, Kathy Lowe, Wendi Loreer. Row 2-Peggy Seaman, Paige Pinkston, Donna Holzhauer, Adie Bowman, Leah Raquipiso, Shelley Fernald. Row 3-Gary Hunter, Bill Hanson, Chris Kaesman, Ruth Stammerjohn, Mark Stevens, Larry Wells and Tim McCormick. 5. No matter what, Donna Holzhauer stayed calm and happy. 6. "Oh no, another layout," was a thought Gary Hunter was too wise to express outloud.

Despite a lack of seniors in this year's Loudspeaker staff, the quality of our newspaper was not affected. Consisting of only five seniors and fourteen juniors, this year's staff produced thirteen issues, averaging about an issue every three weeks. Different ways of setting up copy were attempted along with new artistic holiday ideas created.

Meeting deadlines was not a major problem; everyone worked as a team, doing more than was assigned and helping others finish their own deadlines.

"We all got along really fine," commented '78-'79 editor, Julie Wright. However, inadequate typewriters were a problem. When a machine broke down, hassles occurred. "There hasn't been a new machine in years," added Julie.

All year the staff worked hard trying to print important happenings on and off campus. They strived to write what would inform and entertain the student body.

underclassmen prove abilities

1. Unfortunately, David Cooper can't type as well as he can write. 2. Deep concentration was applied in writing articles as shown by Vic McCarty. Troy Dalton expertly operated the type setting machine in the print shop. Jennifer Lowe looked awestruck at the finished newspaper. 3. Lori Jones, news editor, proofread stories over and over to make them perfect. 4. Both Editor Julie Wright and Tom Sparks seemed a bit disgusted with all the errors in a story. 5. '78-'79 Loudspeaker staff: Front row-D. Derivas, R. Rundle, L. Tacconelli, M. Ko, M. Flynn. Row 2-L. Sommerville, L. Jones, J. Lowe, M. Potts, J. Ruhlow, J. Wright. Row 3-T. Sparks, N. Peter, W. Johnson, D. Cooper and V. McCarty.

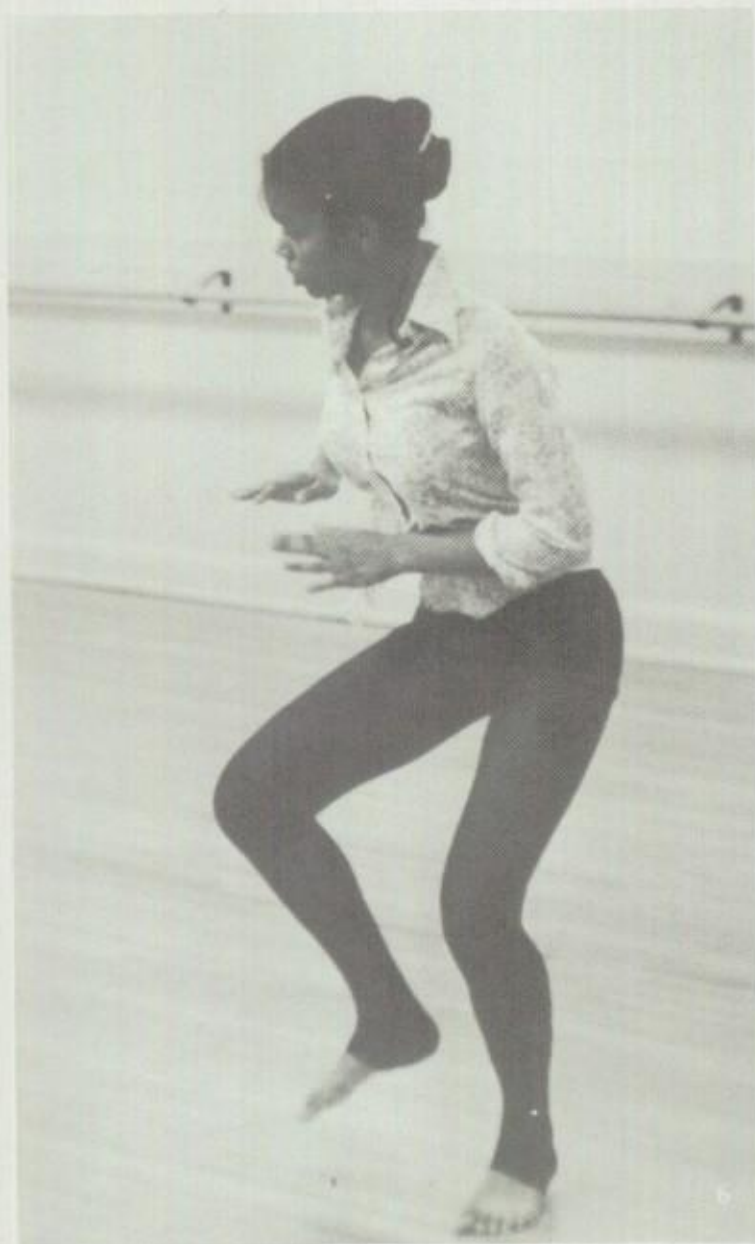

Keeping up with current trends, a disco dance class was added, which proved to be very successful. In addition, beginning, intermediate, and advance dance classes continued emphasizing modern, jazz, and comedy dancing. Dance classes at Wilson have grown in popularity with enrollment increasing over the years. Mrs. Janet Mason, the dance instructor, feels that "Wilson is blessed with an abundance of talented dancers, not only highly skilled, but equally dedicated."

"Come on you guys, we gotta know this routine by Wednesday" was commonly heard as the dancers prepared for the Spring show.

Joyce Van Zant and Betty Sinow, three year soloists, were featured performers.

"All the dancers involved in the concert worked many long hours in order to produce the high quality performance witnessed," beamed Mrs. Mason.

Those **Damn Yankees**, why can't we beat 'um! On Wilson's stage the Washington Senators won over the hearts of all who attended.

Running three successful shows 'Damn Yankees' opened with aging Joe Boyd (Bobby Fletcher) selling his soul to Applegate Brian Barnes) for a chance to lead his team to the penant. Old Joe left his wife Meg (Patty King) and promised to return, someday.

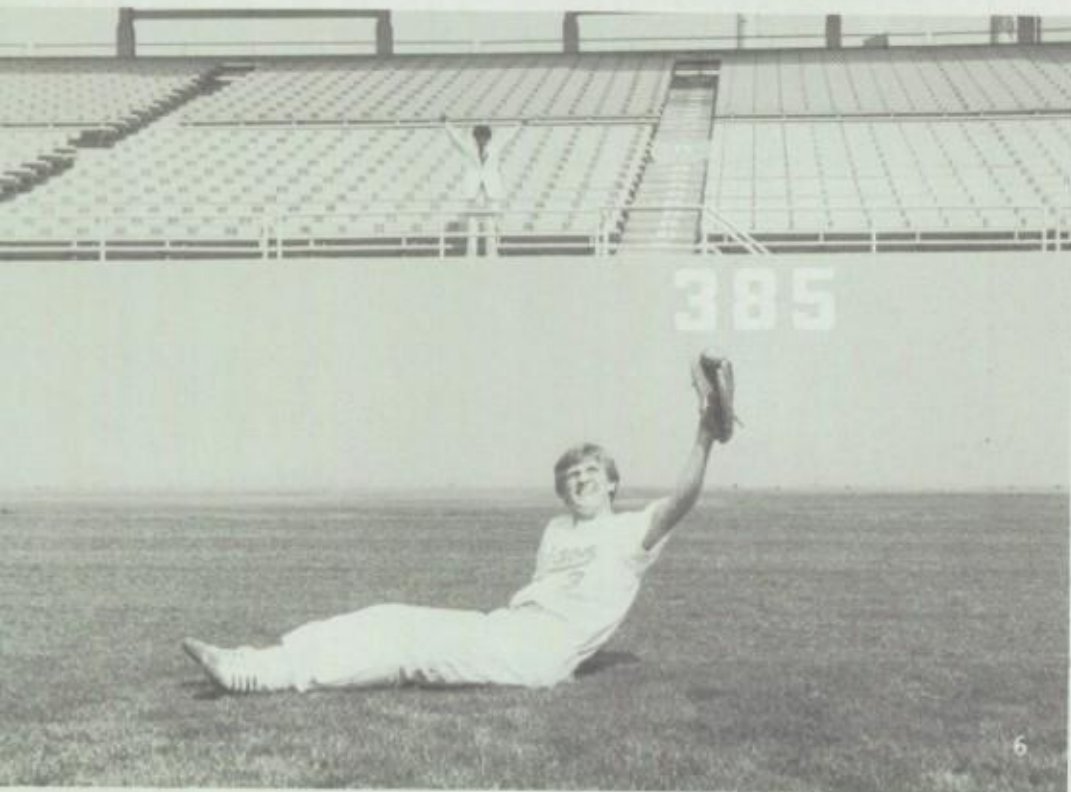

Once on the team Joe Hardy (Jim Ruttman) is hounded by reporters about his past. Applegate, upset by Joe's homesickness, brings in Lola (Joyce Van Zant) a lady with a little brains and a little talent. But Lola likes Joe and the team is winning. A show is given in Joe's honor, and a hearing is called to find out more about him. During the hearing Joe's time runs out and the two lost souls dance the night away.

During the final game, 'Applejuice' turns Joe back and Joe Hardy is never seen again.

The entire cast, crew, and orchestra worked hard to put on a devilishly good show and proved that they had heart, miles and miles of it.

**'damn
yankees,'
devilishly good!**

1. Young Joe Hardy (Jim Ruttman) comes home to be near to Meg Boyd (Patty King). 2. Yankees' dancers were sitting- Mike O'Conner, Victor McCarty. Center- Vicki Brennan. Introductions aside, whatever Lola (Joyce Van Zant) wants, Lola gets. 4. Fly ball, double play, the Senators won the game today, as the Chevy Chase fan club looks on. 5. Devilishly watching over the 'Yankees' cast, Applegate (Brian Barnes) grins in delight. 6. "I'll be damned!" exclaimed Joe Boyd (Bobby Fletcher) as he caught the ball in the winning play.

For the first time in four months the curtain rose; behind it was Wilson's orchestra ready to start the year off musically with their Fall concert. Conducted by Mr. Rolland Sandberg and assistant conductor Mr. Cliff Kusaba, the orchestra continued with performances at a holiday program, a scholarship concert, and a Spring concert. The pit orchestra, composed of outstanding musicians, played for the musical "Damn Yankees."

The orchestra traveled to the San Bernardino Music Festival where fifty other schools competed. Also combining fun and work, they went to Magic Mountain.

strike up the orchestra

1. Susan Mitchell keeps an intent watch on her music as the beat goes on. 2. 1978-79 Wilson High School Orchestra. 3. Seen slipsliding away for song are Mitch Solomon, Bob Baeyens, and Dick Cannon. 4. Linda Inge is not just fiddling around while puckering up for playing are Mike Segerblom and Matt Fronke. 5. Vicki Rode looks as if she's concentrating on more than her cello.

Marlinettes presented "25 years of Memories" to enthusiastic audiences, entertaining them with memorable songs, "Remember the Days of the Old School Yard," "Knights in White Satin," "Bless the Beast and the Children" and "School Days."

Teresa Dearth was this year's student director. She was assisted by Lori Anderson and Kristen Holm. All three girls agreed that the show was a lot of hard work but also a lot of fun. Each one enjoyed helping the performers and watching them perfect their routines.

Third year soloist Jodi Hein executed another fine performance to "Exodus," while the other soloist, Lori Anderson, captured the audiences attention with "Chase the Clouds Away."

Mrs. Holzman commented "that the music was very diversified this year and the nostalgia theme was fun."

One of the highlights of the show was alumnae Mrs. Nancy Frank who joined her daughter Marni in a duet to "Vanessa." It was unique because Mrs. Frank was in the first show 25 years ago, performing to the same tune. Other segments of the show involved the sophomores with "Long Tall Texan" and the boys' Varsity water polo team tried once again to perfect their routine. When the show was over, everyone agreed that it was one memory they'd never forget.

Starting a new trend, fall government sponsored a 'night before' Homecoming bonfire. At the rally students watched rival Millikan's Ram go up in smoke. The bonfire, along with the now famous Homecoming Parade, was a kickoff to Homecoming Day. Homecoming was probably the most fun activity for council members to work on. However, contrary to popular belief, the organization of such a great event was an enormous task. Long and hard hours went into the preparation for Homecoming.

Organizing student activities is not all **student government** accomplished first semester. Meeting the needs of students was a very important function of council. Early in the year, fall council travelled to Redlands University for a government conference trip to meet with councils from other Southern California schools to discuss activities of the year and share solutions to problems on campus. From this seminar student government collected ideas for fund raisers, Homecoming, and activities.

Dedication and fine organization went into every activity sponsored by student government all the way to the end of the semester when council held the election for the officers to replace them for the spring term.

Budget, involvement and cleaning were the main jobs for student council this semester.

Spring council started off with a bang and continued going full steam till the end of the year. They began by appointing new officers and cleaning the council room. Visitations, special assemblies and field trips kept the council busy all semester.

Vespers, Fiesta Days and graduation were also a big part of their responsibilities. The council went into each activity with determination and excitement, playing a big part in keeping Wilson running smoothly.

Five minutes! This call meant fear, anxiety, and nervousness, but also a great deal of fun for this year's **dramatists**. They put in much hard work and long rehearsal hours to reach their goal; to make us roar with laughter, cry in sorrow, or just think.

The first drama production of the year was "The Bad Seed," a chilling drama expertly performed. The student directed one acts, which gave the second year students a first chance to perform, were major successes, showing to huge sell out crowds. The delightful children's show, "Once Upon a Clothesline," offered children a wonderful chance to see their first live play, and the spring production, "The Curious Savage," ended the season with peals of laughter.

one acts prove popular

1. Matt Holzman had 'em "rolling in the aisles" with his portrayal of a hippie kid. 2. Consciences meet as Lynne Grisham and LuAnn Johnson rehearse the one act, "Overtones." 3. Dina Kellogg and Jill Dunford rehearse the climax of their one act. 4. Kim Cashman gave an excellent performance as the fierce mother of a retarded child (Bridgitte Gasparini). 5. Fatima Beloved of Ali X (Sharon Mixon) attempts to interview a rather bizarre family in "Bringing it All Back Home." Family: Bryan Holvey, Matt Holzman, Vicki Popovich and Debi Minahan. 6. Barb Plemon and Donna Stark each contemplate different fates in a scene from "The Cagebirds." 7. Seminar Directors for 78-79 were: Susan Nickerson, Gary Hunter, Jennifer Mathias, Brooks Walker, Lara Johnson and Tamara Vardo (not pictured).

1. Leroy (Gary Hunter) scares Rhoda (Kim Brooks) with threats of stick bloodhounds in a scene from "The Bad Seed." 2. Heh, heh, heh!! Ian Compton as Leroy was a foreboding figure. 3. Getting into character, Mike Illingworth and Ian Compton use all their concentration. 4. Christine (Erika Sukstorf) questions her daughter Rhoda (Kim Brooks) about a murder. 5. From sweetness to anger, Christal Westfall and Lara Johnson ran the full span of emotions. 6. Erika Sukstorf played the frustrated mother superbly. 7. Erika Sukstorf, Sherry Diamond, Tammy Vardo and Carol Inselberg enjoy wine and jokes during a lighter scene.

A wide variety of talented singers shone once again, as they proved they could come through in the clutch. The first quarter was especially hard on the **vocal music** classes because of Mr. Dublin's illness. Yet the students with their dedication and spirit worked exceptionally hard to make Wilson one of the top schools in vocal entertainment.

Vocal classes started early on their way to many performances. The year opened with "Hansel and Gretel" and continued on to the spectacular Christmas Concert, ending the year with the equally as good Spring Concert.

The musical "Damn Yankees" put the finishing touch on a superb year of hard work and excellent performances.

practice makes for perfection

Through the years, **Bruin league** has always been one of the most involved on campus clubs. Members brighten teacher and staff days with Halloween, Thanksgiving, Christmas, and Easter treats.

The first performance of pepsters, yell, banner girls, and drummers occurred at the Bruin league sophomore picnic. Also, the senior Bruinettes entertained everyone with a fantastic routine that left all the incoming students excited about the year to come. Bruin league members entertained with humorous skits about Bruinette tryouts, pledging, and other traditional campus activities.

The Bruin league picnic is just one of the many projects members take on. The purpose of the club is to do special services for the benefit of the students at Wilson. The admiration and attention Bruin league members receive is what has kept this club going strong throughout the years.

bruin league reveals enthusiasm

1. Miss LaRue enjoyed one of the many meetings she attended throughout the school year. 2. It was cold and empty in the quad when Tina Johnson came to school early to pick up some Bruin League materials. 3. Mrs. Strait thought to herself, "I wonder how much longer the meeting will last!" 4. Jackie Williams, Ronnie Philpott, and Mrs. Cooke dished out salads at the homecoming pizza party. 5. Santa has his dwarfs, but Bruin League has Lisa Lucas to do work on special projects for other people. 6. Mrs. Cooke watches over Johnna Anderson, Lisa Lucas, and Andrea Dennis, as they worked extra hard on decorations for the pizza party.

Zygomas took part in many special, no, spectacular, events this year. The twenty most active girls at Wilson proved their uniqueness again by participating in such activities as honoring "creeps of the week" at rallies, stocking their -Z- boys with gifts, goodies and good wishes, and putting on an occasional skit to entertain the student body. -Z- girls also got together for some special events - selling concessions at home water polo games, painting the football refreshment stands a brilliant red and gold. Their most spectacular event of the year was pulling off a successful -Z-, Key "Sweetheart Dance!"

Key Club also provided Wilson with a special spirit. The new, larger membership sponsored many events, such as the annual canned food drive, the faculty football game and weekly crowned a "Queen of the Fortnight." Key combined fun with hard work to keep the club spirit special. Assisting Kiwanis in community activities and playing bingo with the elderly were some of the worthwhile projects Key undertook. A saloon serving drinks and sandwiches at homecoming was just more evidence for the case that Key and Zygomas cooperated to show they really are spectacular clubs!

Principal Robert E. Ellis, business and civic leaders, the PTA, and chosen students comprised the **Community Advisory Board** which met on a regular basis to discuss a variety of problems relating to Wilson. Some of the topics of concern were student conduct and the effects of Proposition 13. The role of the council is to assist the administration in being aware of the feelings of the total Wilson community.

Students concerned about the litter problem on campus and interested in beautifying our school is what the **Safety and Beautification** committee was all about. They thought of original ideas to make all the students aware of the problems.

A committee chosen by Mr. Ellis, which gave students a chance to express their ideas of problems on campus was the **Student Interest** committee. Even though they got off to a slow start, the committee showed progress throughout the year.

Ski the trees is just one of the many cliches picked up on the ski trips. This year the **ski club** visited Steamboat, Springs and Salt Lake City. Steve and Jill Landis were the sponsors on these outstanding trips. Presidents, Wendi Lorbeer and Chas Cardall, lead the members to another great year.

The first week of Christmas vacation our skiers were in "luxurious" condominiums at the foot of Steamboat Mt., spending the days "skiing the trees" and the nights dancing, shopping and partying, everything but sleeping. A twenty-four bus ride home gave the group plenty of time to reminisce.

The Easter trip with just as many memories was to Salt Lake City. This group stayed in the Ramada Inn and planned to ski Snowbird, Alta and Park City.

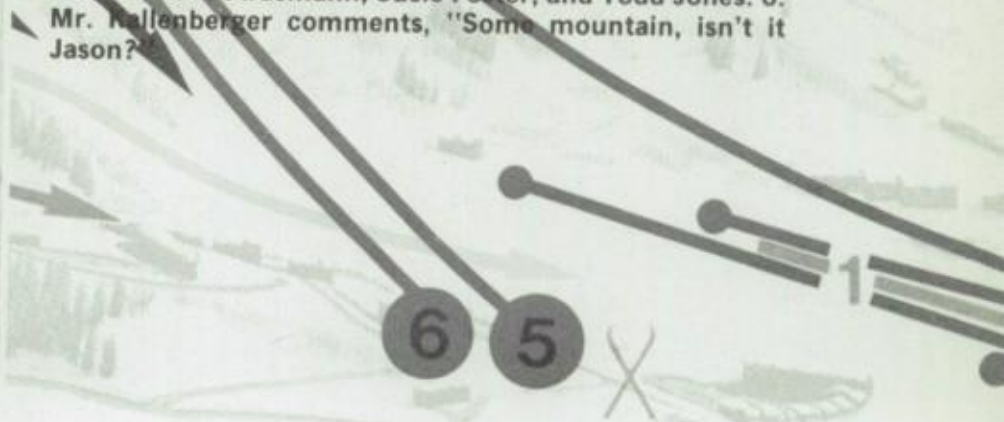

After being chased out of the southern Sierras by heavy snow in early November, the **backpacking club** went on many local hikes. They hiked beautiful trails in the San Gabriel and San Bernardino mountains. Two big trips were conducted. One was up the Silver Macassin trail to Mt. Hawkins and then cross country to the ranger station. Some of the tender foots who gave backpacking a try on this trip were Sharon Nasko, Kiki Poissant and Kathy Kumashiro. The other big trip was taken in Spring with experienced hikers, Dave Swieback, Scott Ryan and Peter Coukoulis. They took the Palm Springs tram to Ron Valley, with sponsor, Mr. Kallenberger.

Drama club productions were cut to two this year, but those were excellent. The spring show, "The Curious Savage," a comedy by John Patrick, ran to packed houses and the children's show, "Once Upon A Clothesline," was also a great success. The club also arranged a trip to Long Beach's Civic Theater to see "The Man Who Came To Dinner," starring James Whitmore.

The **C.A.T. Program** under the direction of Mr. Miles, had a great year. The Wilson students in the program and the gifted children from innercity schools, who they worked with, all had fun while learning from each other.

DECA's primary purpose was to prepare students for careers in marketing and distribution through instruction and competition. DECA also promoted balloon sales during Homecoming and ran the Pepsi window in the snack-bar.

One might ask what **NHS/CSF** qualifiers did all year. The answer is sure not to be the trip to the Griffith Observatory or even the visit to Disneyland. But what should impress students and parents is the level of scholarship these 250 or more students maintain.

To qualify for the **National Honor Society** students were required to maintain a 3.5 grade point average along with good citizenship and service to the school. A minimum of 10 points with three points for an "A" and one point for a "B" in academic courses was necessary to be a California Scholarship Federation member.

AFS and German Club are two clubs with similar intentions. AFS allows its members the chance to go to a foreign country after graduation for one more year of study, while German club is a gathering of students from Germany, of German heritage, or with an interest in German. President Derek Pakiz and vice president Parish Malson of German club decided to sell candy and calendars to help pay for their numerous trips to such varied spots as Disneyland, the desert, and the mountains. AFS on the other hand worked hard under the direction of President Bob Grace and vice president Cathy Reed to find suitable homes for foreign students to come to, since Wilson couldn't send anyone if they didn't take anyone.

Camera One, are you in position? Take a sound check, this is a take, 3-2-1-GO ... If you were ever in the Production Room of the Media Center after school you may have heard this. The **Media Club**, in its second year, has expanded itself from being just a club to being a regular broadcasting club. Their activities have been the Wilson Journal, a weekly news bulletin; The Annual Christmas Show; and on the spot coverage with their mobile camera unit. At every meeting they learn something new about broadcasting by their sponsor Rodney Jensen.

Students who liked to put their minds to the test were in the **Gamesters' Society**. This club played games that were brain teasing and took strategy, not just luck. Many of the games played were very difficult, some taking more than a few days to finish.

Nationality and language clubs expanded into three groups this year. Wilson students studying **Spanish** were fortunate to have club members available to tutor and help them with their Spanish. Members made a trip to San Juan Capistrano and a few lucky students plan a trip to Spain this summer.

The toga party thrown by the **Latin Club** was totally valid. Newly revised and under the co-consul of Sharon Walls and Jonathan Weidemann, the club made an interesting trip to the John Paul Getty Museum where they viewed paintings, statues, and artifacts of a Roman villa and Forest Lawn Mortuary, where they encountered a beautiful replica of the ceiling of the Sistine Chapel in Italy.

Filipinos, Vietnamese, Chinese, Cambodians, Koreans and other ethnic groups made up the **Asian Club**, which was also newly revised and under the sponsorship of Mr. Larry Hill. Having different nationalities in this club made it all the more interesting since the members could introduce and share their foods and customs with other members. Involved members planned parties and a fun trip to the New Year's Day parade in Chinatown.

If only more people would join these clubs and participate in the cultures of others, we would better understand each other.

Building, whether it refer to actual structures or the construction of attitudes, building was the main concern of **Interact** and **Architecture Club**. Interact spent most of the year keeping Wilson's student body spirited and enthusiastic. When they weren't planning activities for Homecoming, sponsor Denis Richman and president Gail Koleta kept things running by servicing the community in various ways. They also attended an Interact Convention in Los Angeles.

Architecture Club, sponsored by Charles Copeland, consisted of 54 students from the architectural classes. The main purpose of the club was to take field trips to local architectural points of interest as a means of enhancing the instructional program. Two out of many field trips were to the Pacific Design Center, and on that same trip they visited CBS to watch a taping of the Mike Douglas show. They also went to San Diego on a train to visit the Coronado Hotel.

**we are
competitive**

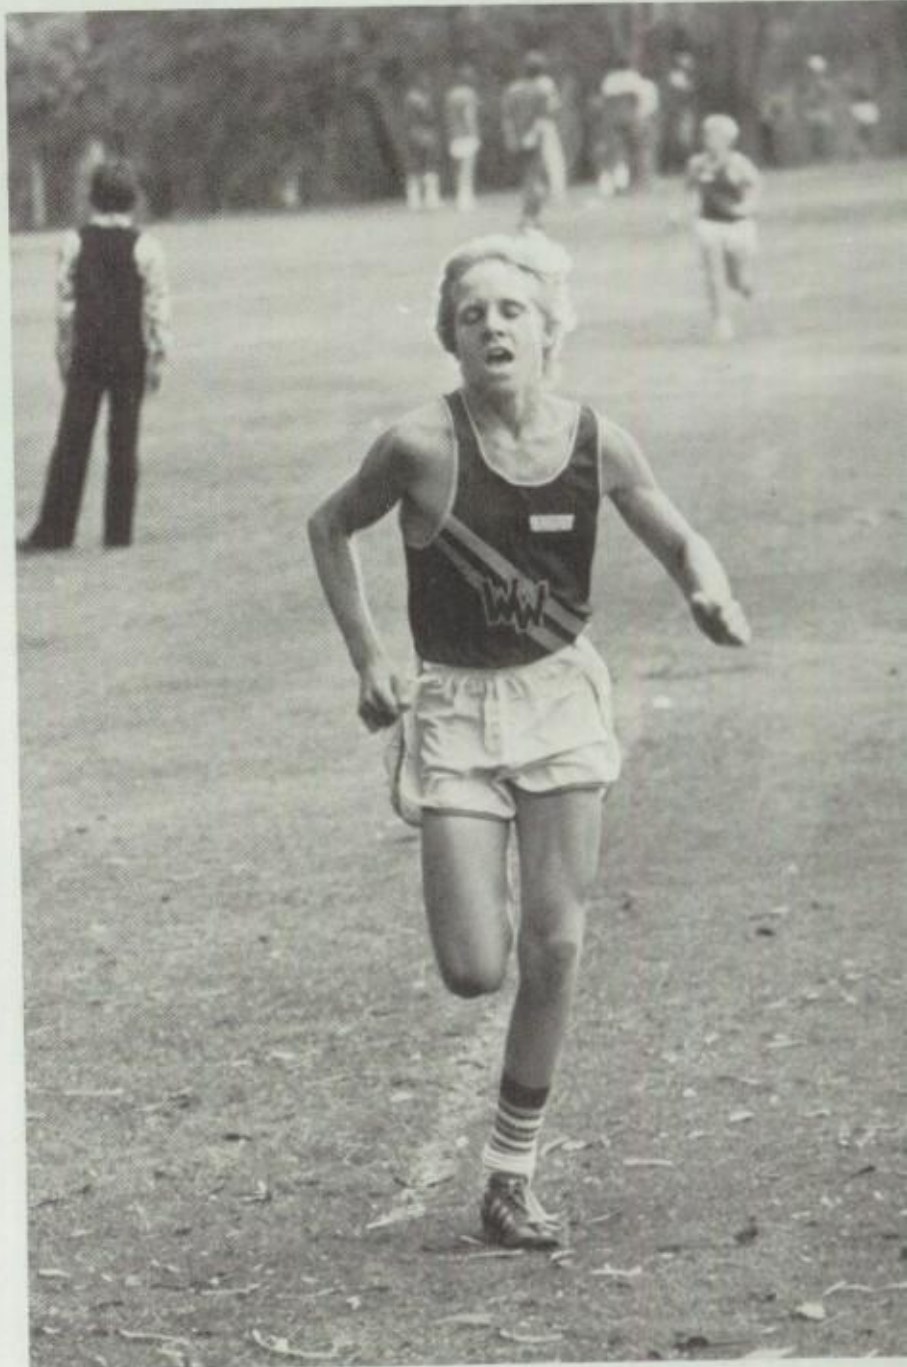

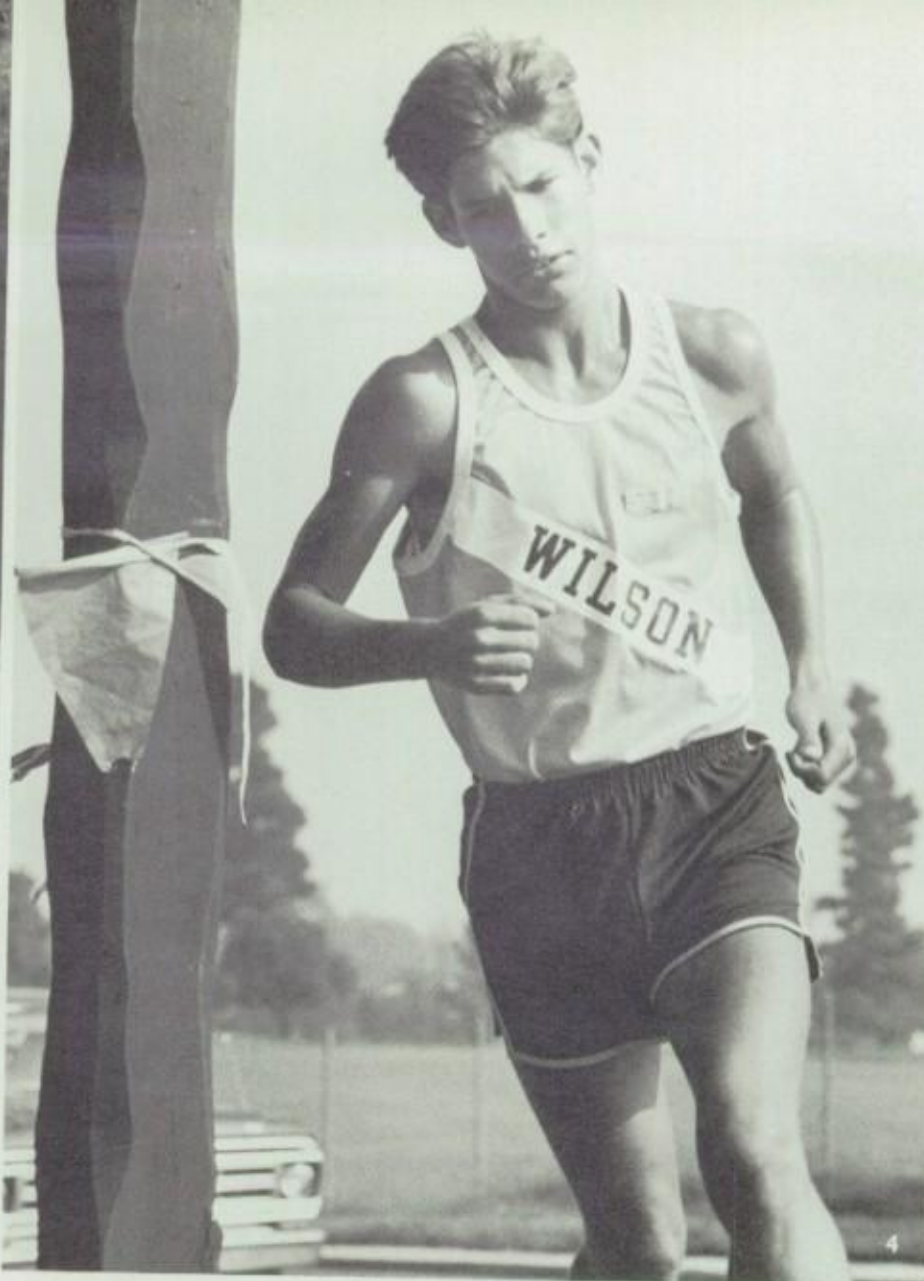

Desire, determination, and dedication were the main ingredients of this year's **Varsity cross country** runners. The Bruin's daily workouts sometimes consisted of a ten mile run or an afternoon of long sprints or perhaps an hour of running on Signal Hill. They ran on the hottest and rainiest days.

Despite tough competition in Moore League, Wilson runners did superbly. For the fourth time in the past five years, the Varsity competed in the CIF semi-finals. John Schauweker, three year Varsity runner and number one man this year, was a two time All City-All League choice while teammate Colin Leis picked up All-League honors.

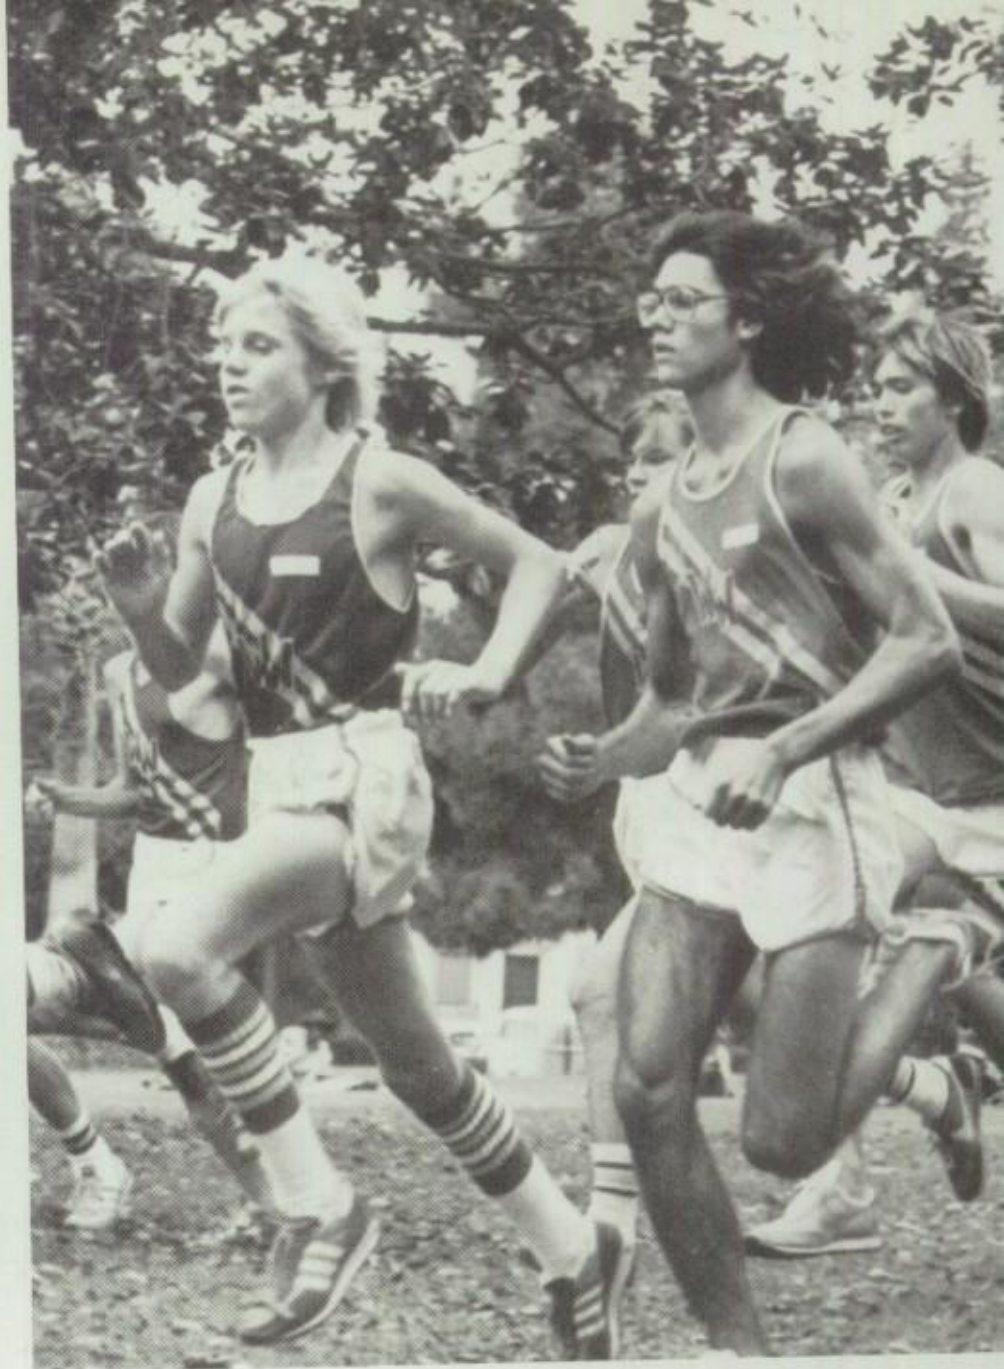

Fastest juniors, Mike Ryan and Eric Horn, saw a great deal of varsity action. These two, along with Bruce Perret, should help bring the Bruin team many victories next year.

Running is said to be one of the greatest sports and this year's **ju and soph cross country** teams proved that to be true.

Through hard work outs and strenuous runs, they developed strength and skills which helped them through a tough year. With Coach Eugene Stemm urging them on from the sidelines Bruce Perret and Mike Ryan led the Bruin Harriers over the three mile courses and on to several victories. Once again the ju and sophomore teams proved to be the backbone of Wilsons cross country team.

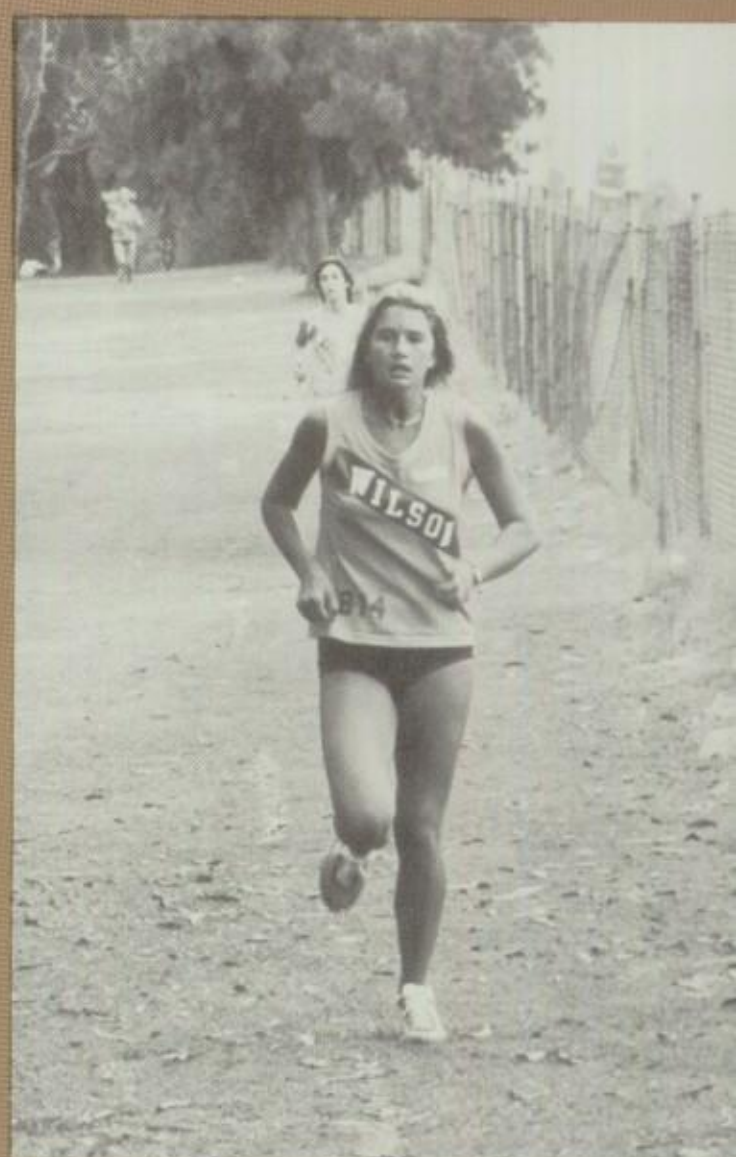

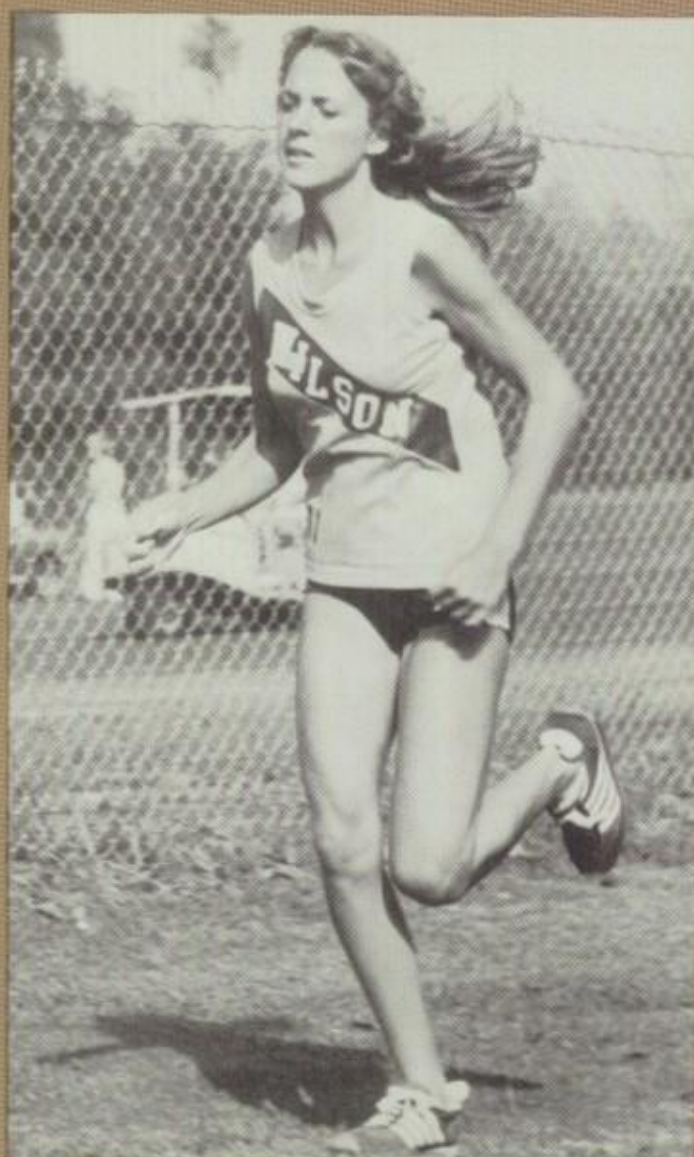

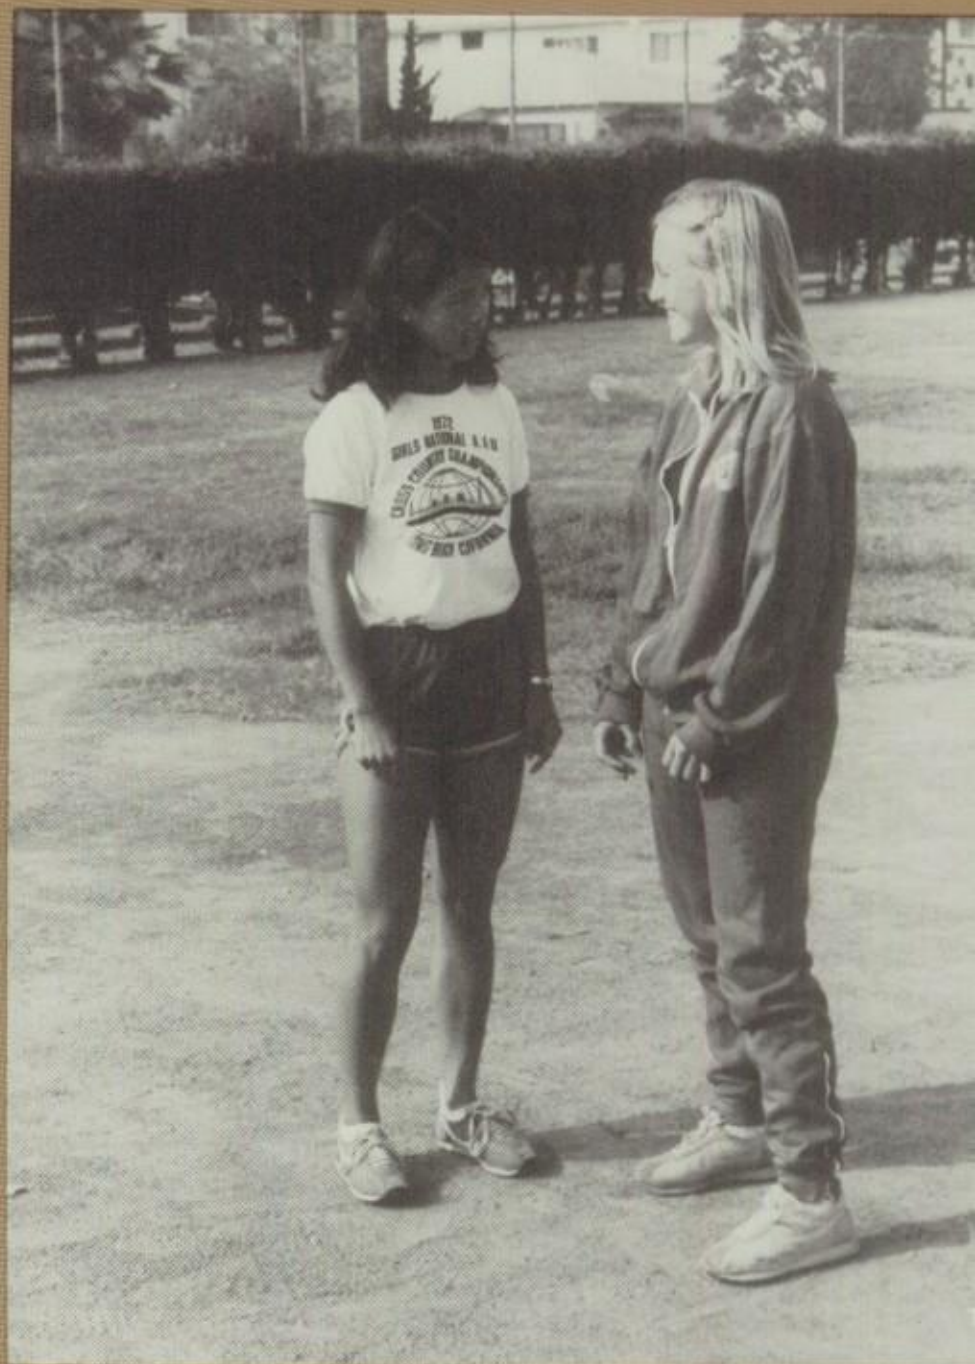

runners stride way to success

Girls' cross country utilized all of their strength and potential to take themselves to the top. Top runners Teri Grimsby, Janet Simon, and Pam Mayfield tamed the grueling courses and turned in some impressive times. The girls' made good showings at the Corona Del Mar Invitational and against Millikan to start out the season and continued to dominate the opponents throughout.

The girls' first loss was to Lakewood, which put them in second place going into Moore League finals. Under second year coach Terese Jordan, the girls proved to be tough competitors.

Fulfilling the preseason expectations of both the players and coaches in the Moore League, the Bruin **poloists** defeated all league opponents to capture the Moore League crown. Led by tri-captains and top scorers Trevor Dodson, David George and Tim McCormick, the team compiled a 17-5 over-all record entering CIF play. Ranked sixth, the team down its first and second round opponents, Buena and Edison, by scores of 23-5 and 17-8. Although losing in the quarterfinals to third ranked Chaffey, 10-9, coach Rick Jones called the season "a success for the most part."

Experience is the name of the game in water polo. Unfortunately, this year's **sophomore water polo team** had less experience than any team in the last seven years. Most of the players had never participated in the sport before; this inexperience showed in their early performances. Much to their credit, the team improved at a remarkable rate. Led by John Kies, Paul Kent, and goalie Ken Schanz, the sophs placed seventh in the Newport tournament. Only two weeks later they took second place in the Los Alamitos tournament to finish pre-season with a record of 9-8. The sophs did well in league, but lost to Millikan 2-1 in a hard fought game.

The **JV's** went into the Moore League with a pre-season record of 6-1 and defeated their toughest league opponent, Millikan, 9-5. Led by captain Chris Peters, and outstanding players, John Olguin and Joe Buchanan, the JV's breezed through Moore League. Coach Dan Blount said of the team, "They really came together as a team during Moore League and will be even better on Varsity next year."

Despite the worst preseason record in recent Wilson history, the Bruin Varsity ended up going all the way to C.I.F. semi finals. The season started off with four consecutive losses, but picked up when the varsity defeated C.I.F. champs, Millikan, at Homecoming. Wilson repeated the same process by winning the next week at Jordan, but the Bruins at home did not fare very well against Poly, losing to the crosstown rivals. Still, the team hoped to beat Compton there and force a tie with them for second place. No such luck. Down to the last game the Bruins were in a must win situation, and did just that. They blew Lakewood off the field before a capacity crowd. The team defeated Pasadena in the first round and rolled over Rolling Hills in the second round. Now a game away from the season long goal, the Bruins found themselves on the short end of the football, losing to Compton in the semi-finals.

Outstanding play, which got better each week, enabled the team to stir their fans and finish the season in fine style.

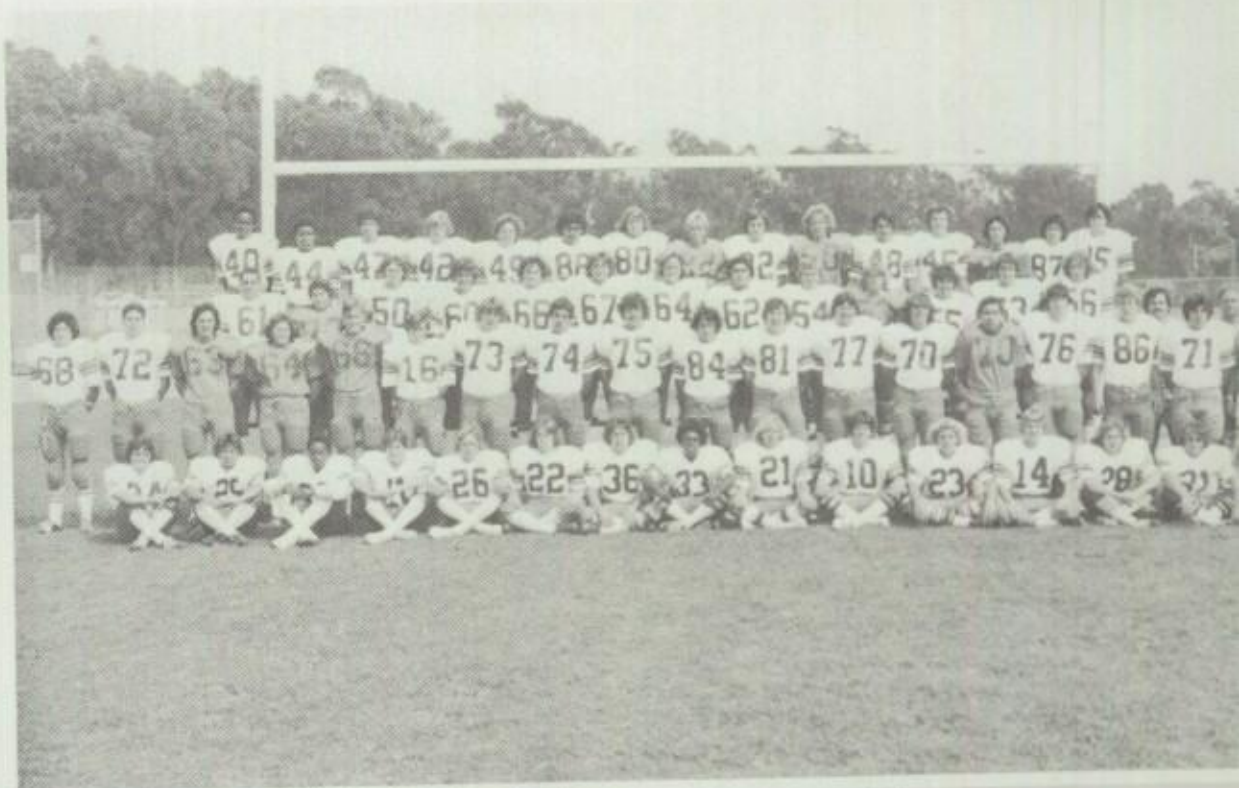

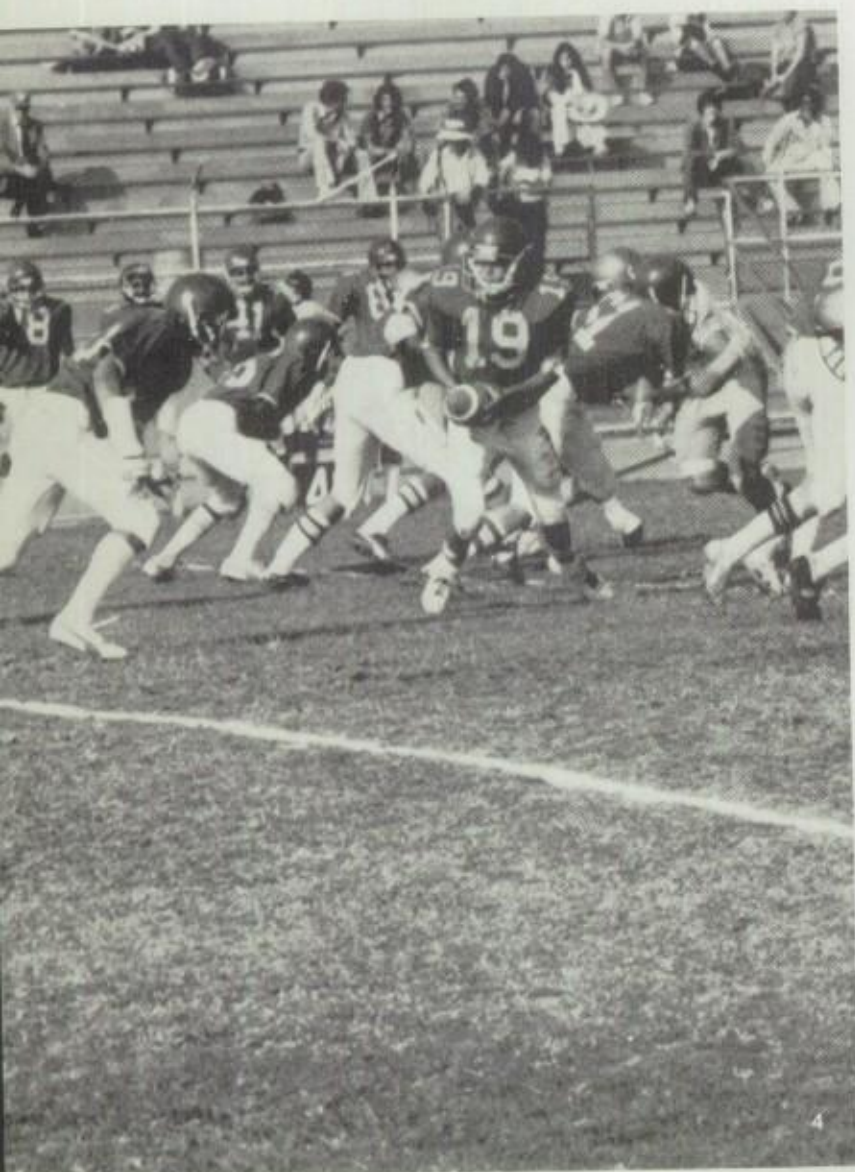

season ends on a high note

Sophomore's football record left Wilson with a feeling that in two years we may have a great team. But this years inability to regain the sophomore championship may have been due to the inexperience of the team. Credit must be given to the defense led by Rick Petrisevac, Chris Elsea, Ken Bates and Kevin Ellebracht. The defense kept them in a lot of close games. They gave up only 7 points. Unfortunately, the offense could only score 7 themselves to end up in a tie with Kennedy. The offense was led by Brad Lane, Danny Cedillo, Eric Kaesman and Scott Creager.

JV's deceiving record of 1 and 7 does not tell the whole story. This team was composed of hard working, determined juniors who were trying to make the best of the worst. The worst being they lost the majority of their team to the varsity. But with that, they still had their minds set on improving. The JV's were in contention in most of their games, but their lack of depth seemed to be the deciding factor in the late part of the game. The outstanding players of the team were Bryce Dakins, Herman Riles, Jim Miller, Spencer Eure, David Salinas and Mike Leksan.

Fullback Jeff Dalton slips one tackle for a big gain.

Hard work, enthusiasm, and dedicated coaching by Miss Terry Stevens and assistant coach Jeff Watten, were obvious at this year's **volleyball** games. "Both teams have got good skills. Our JV's are vastly improving but are rather inconsistent," said Stevens during the Los Amigos JV tournament.

Players on both Varsity and JV were heard to say, "We work hard, but it's worth it when we win."

"It's a great sport if you like to sweat."

"You learn to like the gym floor."

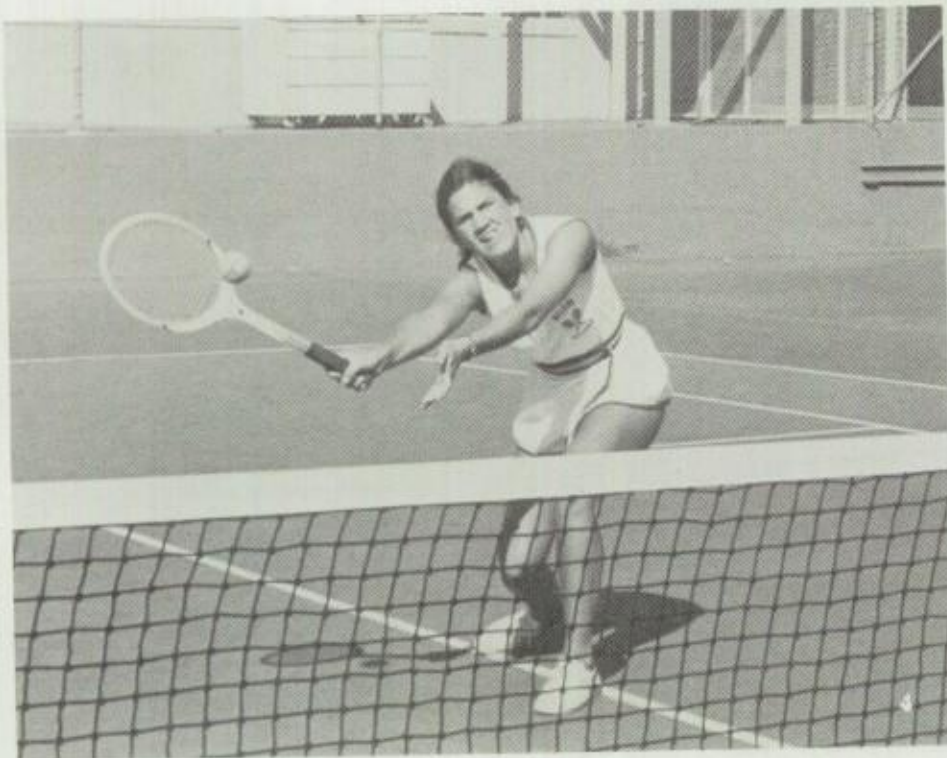

Nine returning juniors and seniors, of whom Kim Chilcot, Maryann Kielb, and Heidi Klimp lettered last year, and two talented sophomores, Collette Pankopf and Kristen Prater, made up an experienced and powerful Varsity team. The JV's were not so experienced but were skilled and very ambitious with one returning junior, Terry Santucci. The rest of the team was incoming sophomores.

Row 2 - Cari Huchingson, Diane Garrigues, Rosario Vengoechea, Jennifer Lowe, Visalsandan Trinh, Shelley Breen, Deborah Valdomar.

After winning one, tying one, and losing one game in a rather neutral preseason **girls' Varsity and JV tennis** placed second and first respectively, in Moore League. Poly, placing first in CIF last year, proved to be their most difficult competition. Coach Elaine Betz was heard to say before the match, "We're doing well this year. We should give them a run for their money."

An experienced and spirited Varsity team took over the courts with Lawren Smith, number one singles player for the second year, and top doubles team Jaye Vega and Hoang Nghiem. JV's overcame their problems during preseason and turned in a fine record of 16-2 for their first league match against Millikan.

team faces tough season

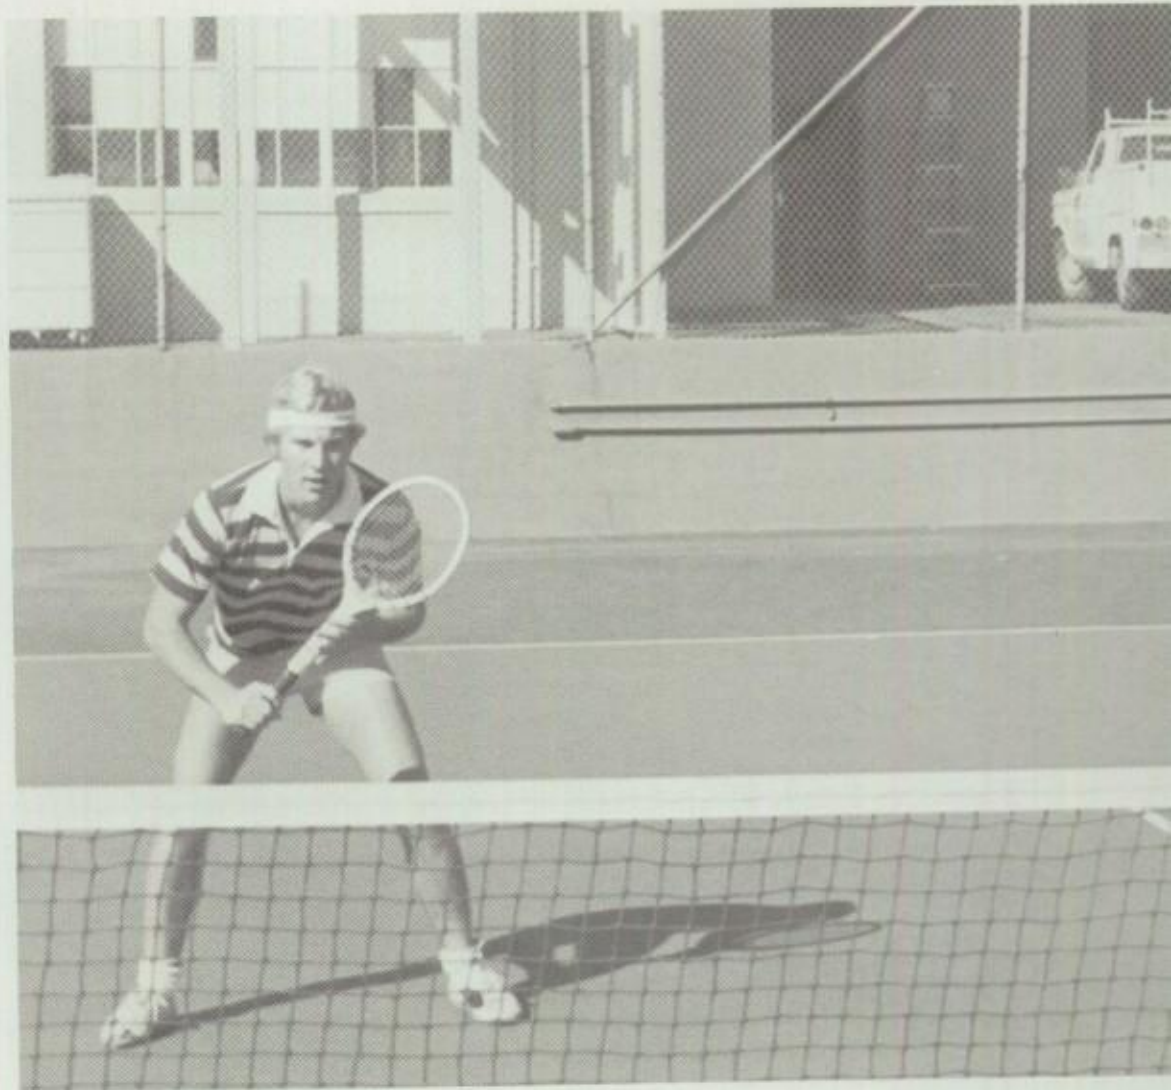

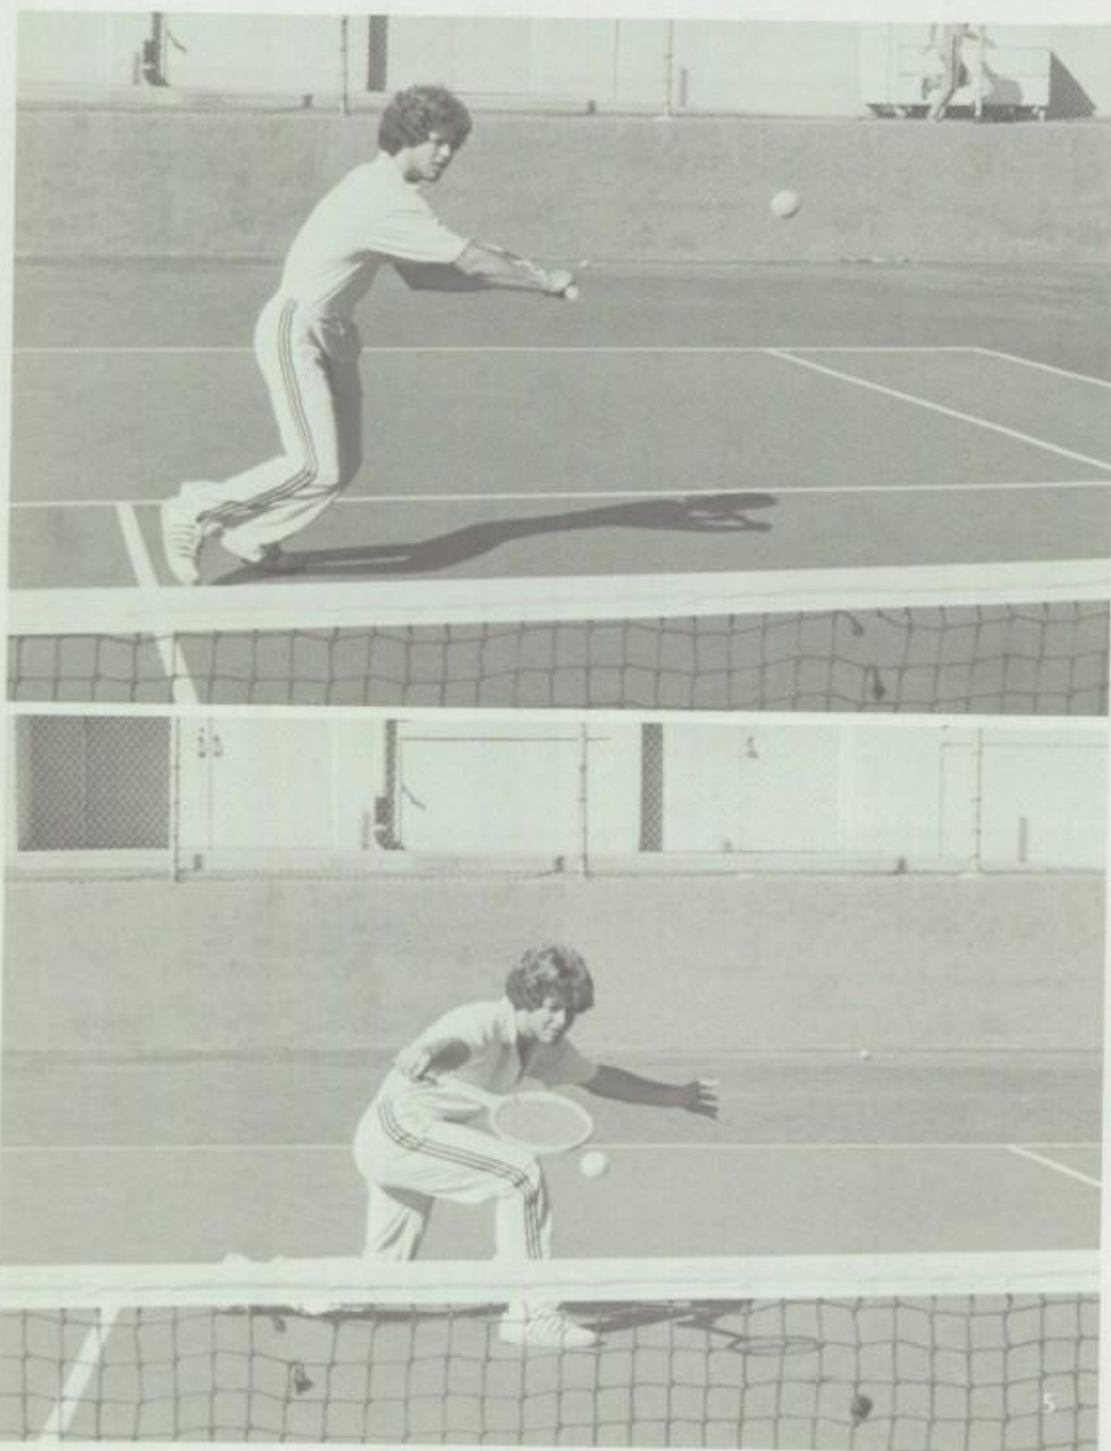

Coach Robert Hendricks' words, "We are a very young team and have far to go to be the top team," proved to be an accurate description of the **Varsity tennis team**. With only one returning Varsity letterman, Reynolds McCabe, the team fared well against Compton, Lakewood, and Jordan. Other leaders on the team, Rick Menke, Ernie Ives, Chas Cardall, David Brounley and Erich Black, bolstered spirit in matches with tough opponents as Millikan and Poly.

Leaders on the JV team, Brian Day and Tad Tanoura, had a harder time keeping up with their opponents than the Varsity team.

"We are still one of the top three teams and next year we have many good young athletes who will keep us high in the standings," were Coach Hendricks' final words on the season.

Row 2-Pat Dunn, Steve Krolosky, Russ Natter, Doby Byers, Brian Day and Coach Meyer. 5. Being able to hit high or low were definite advantages to Reynolds McCabe's game.

Broken records and broken tapes sounded good for track. And they were. One only had to visit our track field to witness excellent showings from many individuals. The team, however, lacked depth as a whole. While rainy weather hampered workouts, coaching techniques compensated for them. Patience and perseverance were qualities of fine coaches: Joe Riddick, Eugene Stemm, Don Mulligan and Jack Mertz.

More juniors and sophomores than seniors made up the varsity squad. But it was hard to tell by their performances. Van Hopson, sprints; John Schauweker, distance; and sophomore standout Scott Cox, sprints; proved throughout the season to be tough competitors. The team's strength came from the field events. Blaine Rominger, triple jump; Dan Barger, high jump; and Brett Drieske, shot put were responsible for many of the victories on the field.

With the great amount of juniors and sophomores, next season should prove to be very successful.

Sampson and Fleming not only share the same first name, Anthony, but also the victory of the 440 relay.

Close to the same could be said about our junior varsity and sophomore **track teams**. Though the competition both teams encountered was on entirely different levels, the JV and soph squads displayed a similar characteristic in their performances—a proclivity for winning.

As usual the junior varsity squad had the fewest members. But this year many juniors competed on the varsity as well as the junior varsity level. Shifting back and forth according to the competition benefited both our teams. The JV team ended preseason undefeated and continued with convincing wins in their quest for the Moore League crown. Joe Southern, 330 low hurdles, and Bruce Molyneaux, sprints, proved worthy of recognition in their specialties.

The sophomores surprised many with their outstanding traits. Some sophomores shifted to varsity and junior varsity levels of competition as well as their own sophomore level. Bruce Perret, mile; Henry Sadler, sprints; and Cameron Sette, all around man earned honors in sophomore competition.

An abundance of hard work and discipline rewarded both teams and wins. With this kind of tracksters, our varsity squad should be of fine quality next year.

contenders strive for victories

Although small in size, the **girls' track team** consisted mostly of sophomores. "We lacked participants in the sprint areas and had to rely on our distance runners and field eventers for most of our points," said coach Therese Jordan.

The team had a very difficult pre-league schedule, starting with Edison High School, this year's CIF cross country champions. The league race was very close among all the six schools.

Teri Grimsby, a sophomore, was the leading distance runner, participating in events such as the 440, 880, mile, 2 mile, and mile relay. She finished third in the Moore League cross country finals and was the top finisher from Moore League at CIF prelims. Along with Teri, Pam Mayfield and Janet Simon added experience to distance events.

Chris Stinson and Mary Kinzer headed the sprint group. Returning high jump medalist, Heidi Klimp, added strength to the field event group.

Varsity baseball enlivened the last part of the year as yelling and cheering could be heard every Friday night from Blair Field. Going into league play, Varsity had won two, lost two, and tied one for a rather soggy preseason. Skip Rowland coached the experienced varsity team comprised of eleven seniors, nine of them returning lettermen, and three juniors. "Three teams from our league go to CIF play-offs and we have a pretty good chance to make the top half of our league," said Coach Rowland at the beginning of the season.

Although the **JV baseball** team was mainly composed of sophomores, they proved to be tough competition in the Moore League. Pre-season didn't turn out as well as Coach Smith had hoped, as the JV's finished with a 2-3 record. However, JV's came back in the first round of league play to win three, losing only to Lakewood and Jordan. Juniors Jason Ashcraft, Larry Hamilton, Bill Hansen, Richard Loughridge, and Pete Magnuson set good examples for the sophomores as well as preparing themselves for Varsity play next year.

Sliding home this year with a tough season behind them came **girls' Varsity and JV softball**. Varsity, led by coach Terry Stevens, played hard and scrappy throughout the season. Along with practice and league games, Varsity attended the Torrance softball tournament. The Varsity team was comprised of two seniors, six juniors and four sophomores, four of whom were returning all-league champs.

JV's were made up of two juniors and the rest sophomores and was coached by Gina Vrcin. They were a somewhat inexperienced but spirited team and they took a while to get their act together.

Girls' badminton had it together from the very start. With coaching from Elaine Betz, they won their first two games of the season against Artesia and Millikan. The Varsity team consisted of two juniors and the rest seniors; four were returning lettermen. JV's had one senior, the rest juniors. Top singles player, Debbie Cook and top doubles, Kathy Megli and Julieann Fishbaugh, made a smash throughout the season. When asked to comment, coach Betz said, "We've taken Moore League the past two years and have a very good chance of it again. We do have a lack of conditioning due to no off-season this year but we're working hard to make up for it."

batts, birdies flew over rivals

Early practices proved very effective for Wilson's **golfers** who not only keep their practice up during the summer, but after school and on the weekends also. Their dedicated effort helped them to obtain top quality play which led to the sixth consecutive league title for Coach Marty Walker's team. A change in league lineup made Millikan the team's stiffest competition.

Wilson looked short of players when the year began, but a little recruiting of sophomores took care of the shortage. Also, a new student from Minnesota, Rick Schlemmer, proved to be a very experienced golfer and asset to the team. Mrs. Walker, always proud of all her "boys," saw potential in all, even the inexperienced.

Once again the **girls' swim team** excelled to capture the Moore League championship. By sheer hard work and determination, and under the firm but understanding direction of their new varsity coach, Mrs. Margaet Kemp, the girls showed their utmost talents by improving their times as much as possible to place first in Moore League finals. The team's camaraderie kept them going.

The JV team was the strongest around proving once again that no one could take their well-earned title away from them. Their coach and number one supporter was Mrs. Adie Holzman.

Maureen O'Toole, Becky Black and Jackie Lazzar led the Varsity team to CIF where they did exceptionally well. This year's team was stronger than ever with a good balance of swimmers in all events.

Supernatator Greg Winchell breaks his own breast stroke record for the third consecutive year at CIF championship finals. 7. '78-'79 Varsity swim team members were: Front row - Steve Meckna, Doug Fleischli, Ray Armstrong, Russ Shubin and David George. Row 2 - Greg Winchell, Mark Gordin, Derek Pakiz, Trevor Dodson, Bob Cleveland and Tim McCormick. Not pictured - Lolo Jaffee, Glen Romo, Tom Gallagher and coach Bob Gruelsen.

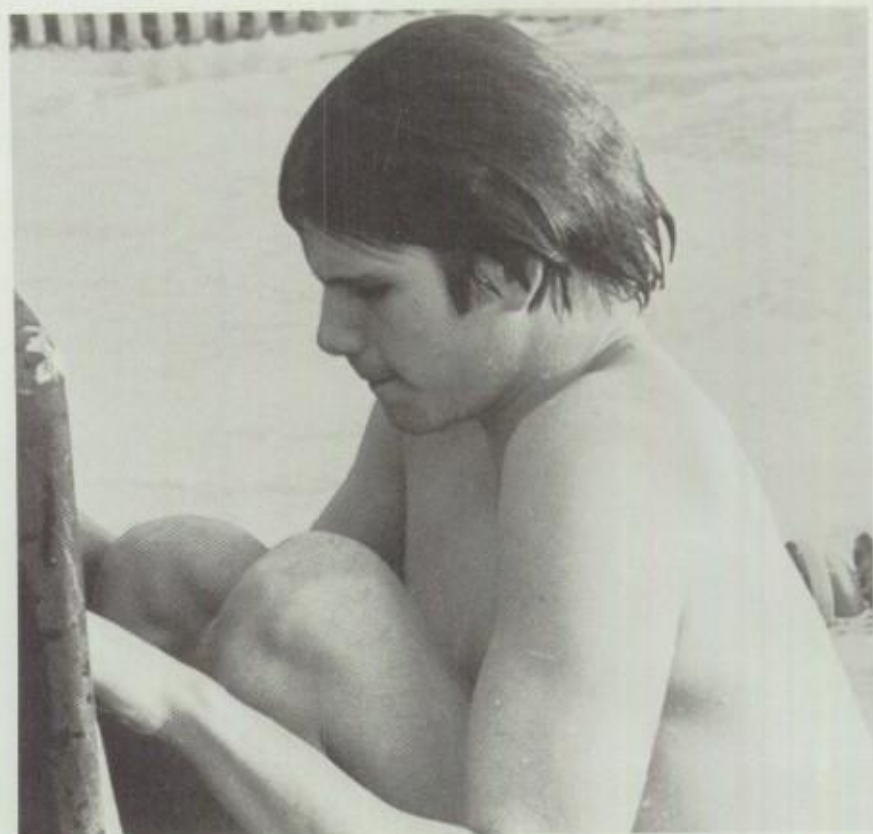

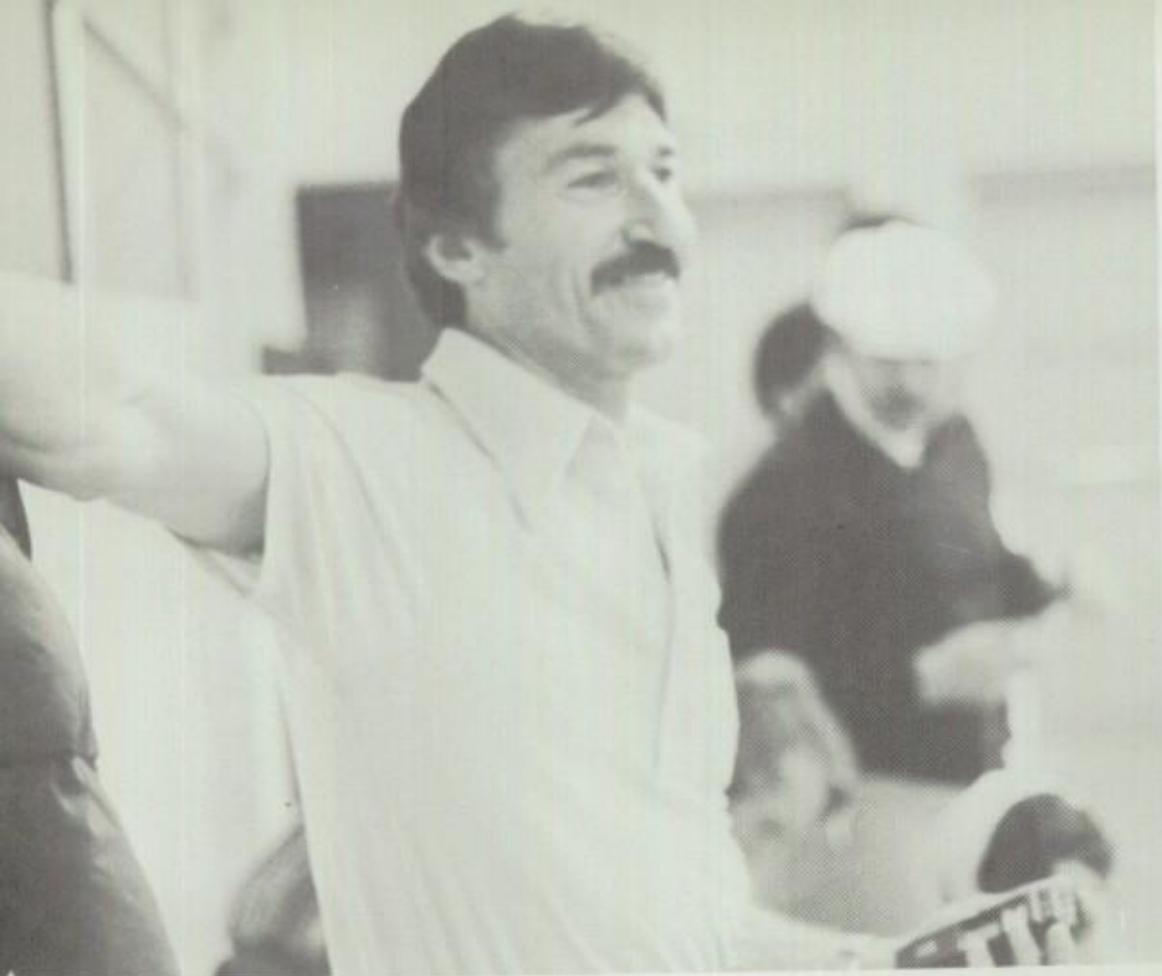

Rated fourth in CIF, winning the CIF relay championships and dominating Moore League for the eighth straight year, the **Varsity swim team** was undoubtedly one of the best teams in Southern California. The Bruins swam to a great 9 and 1 record, defeating archrivals Foothill and El Dorado, losing only to Newport Harbor during the flu epidemic.

This year's success was due in part to the many returning lettermen. Among the most outstanding were Greg Winchell, national record holder for the 100 yard breast stroke; Mark Gordin, CIF record holder for the 100 yard backstroke; Laurance (Lolo) Jaffee, Tim McCormick and Derek Pakiz freestyle contenders for CIF finals. Steve Meckna, Trevor Dodson, and Tom Gallagher finished the lineup in middle and long distance freestyle. Winning has always been a tradition for Bruin swimmers and this year was no exception.

varsity surfaces at top of league

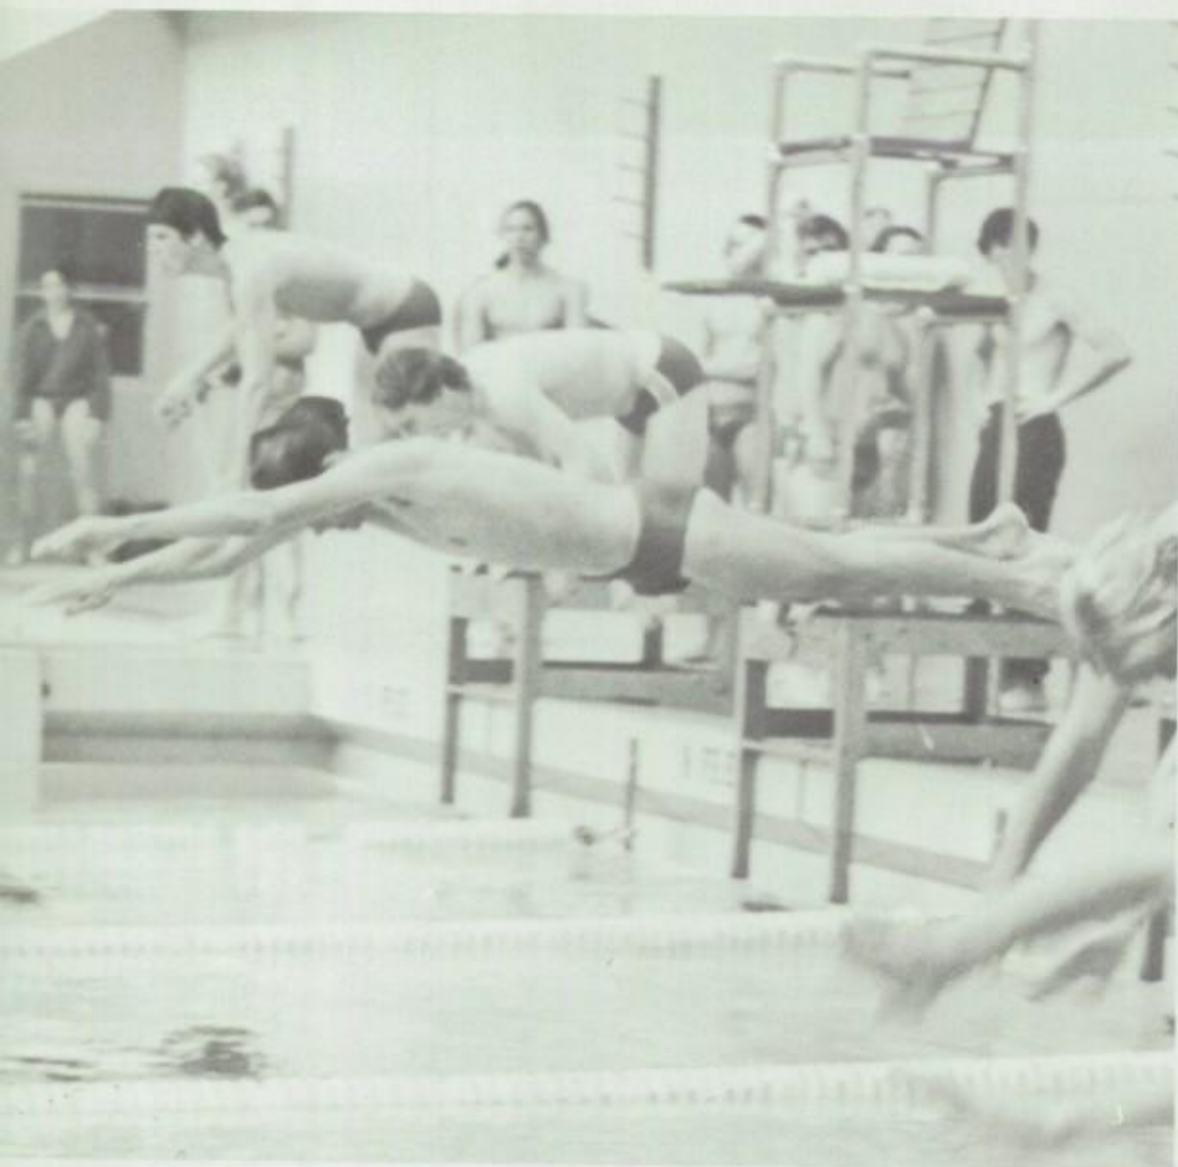

Splash! Quick powerful swimmers race through the water as screams of excitement from spectators got louder and louder.

Add another victory for good ol' Wilson High. The juniors and sophomores on the **swimming teams** this year are fast, quick, and experts in the pools of all schools. The team won its ninth Moore League championship in the last twelve years. Other school swimming teams cowered when they saw the bright red and gold suits right next to them on the starting blocks.

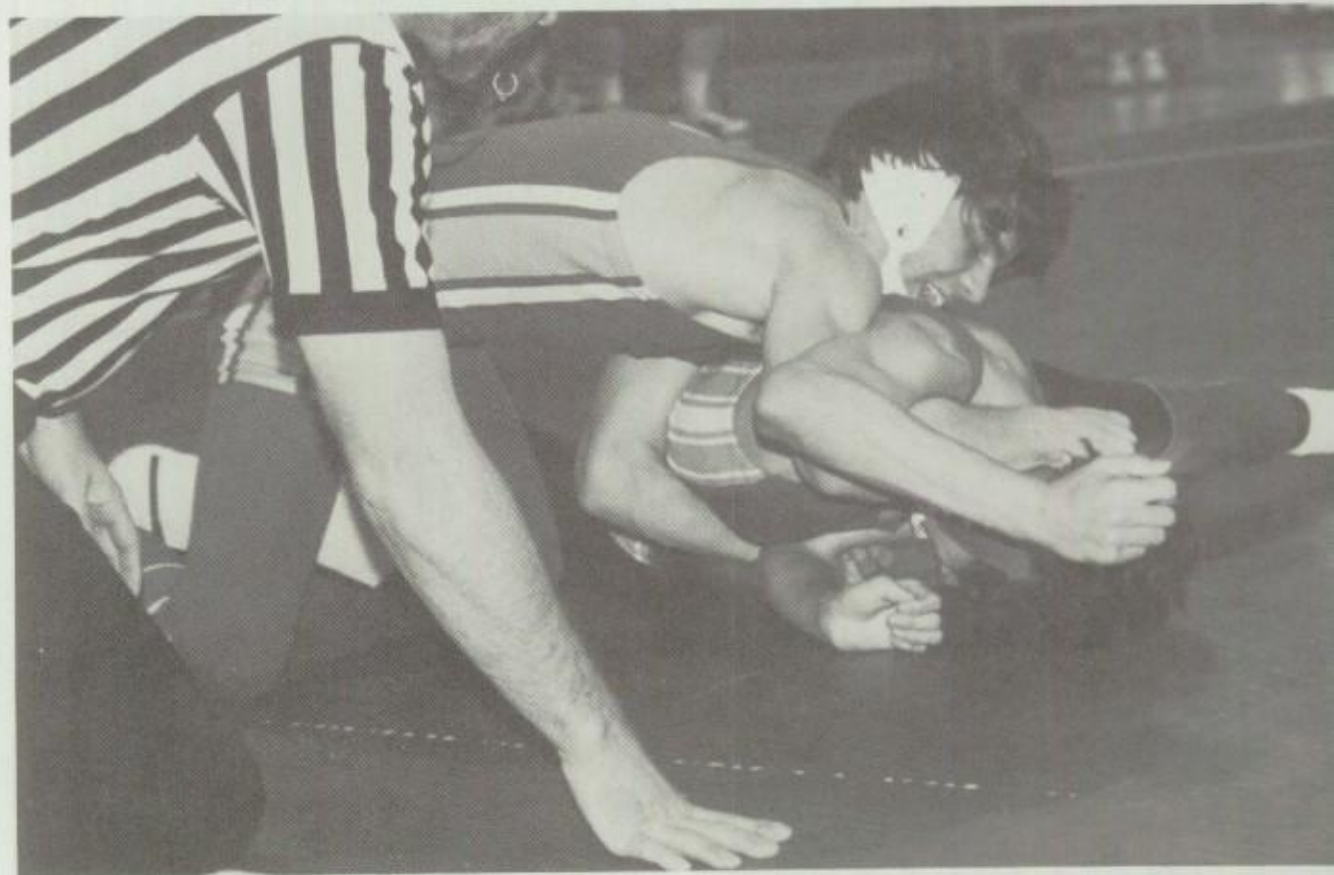

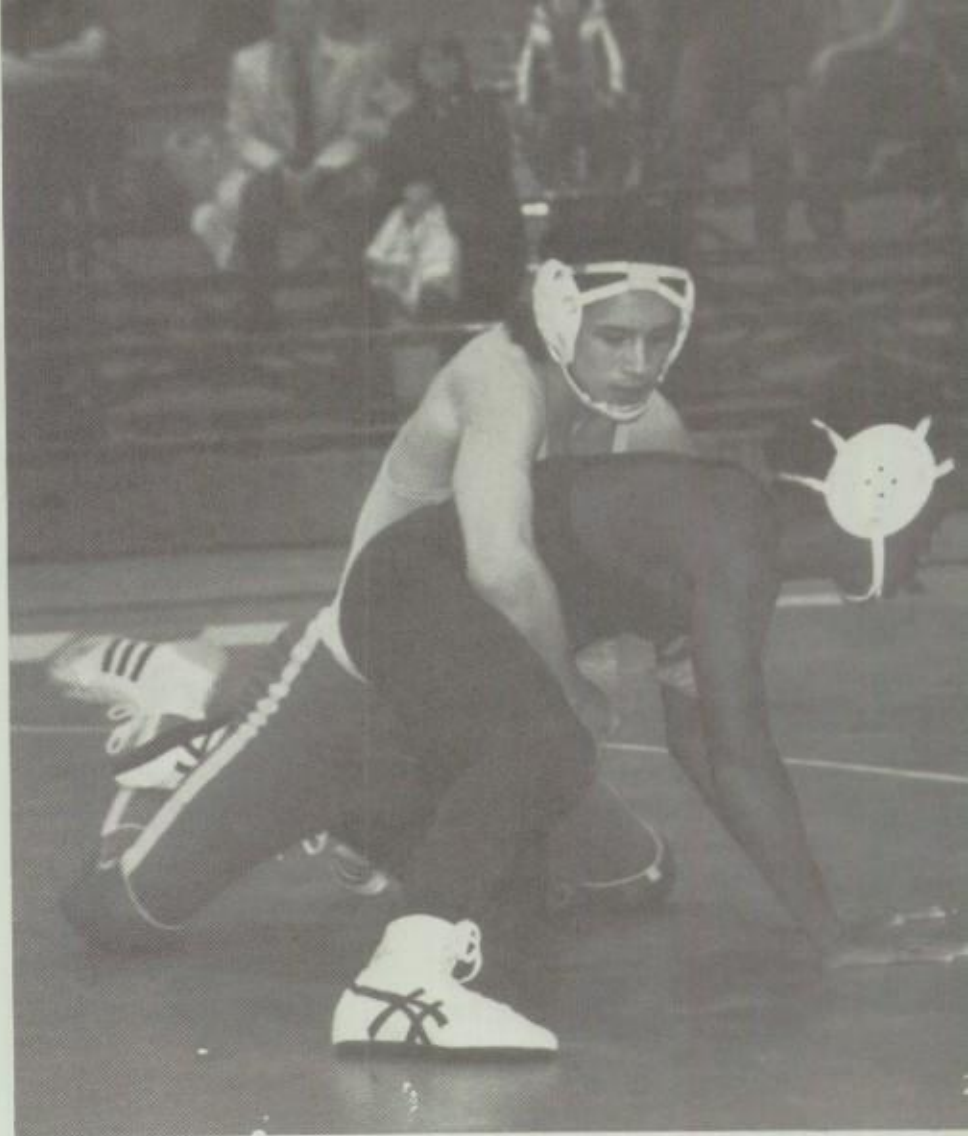

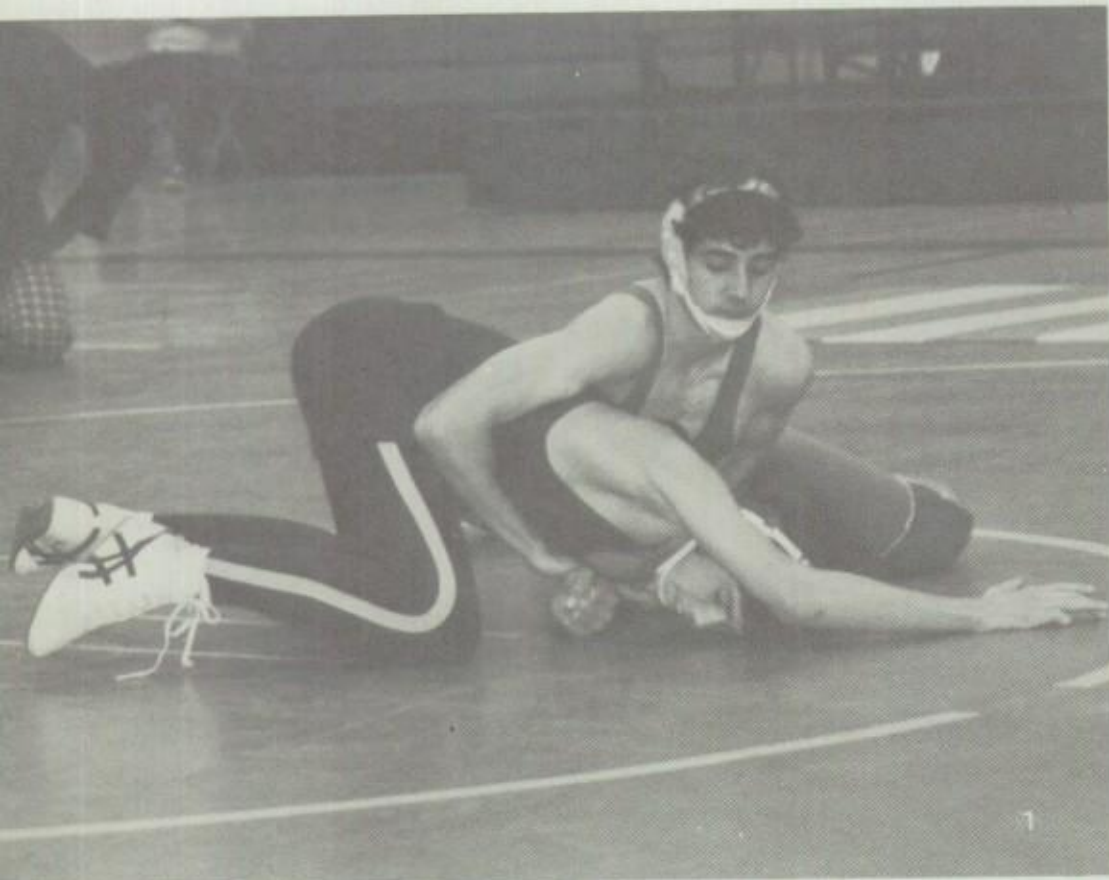

Coaches Bob Gruneisen and Rick Jones deserved a big hunk of recognition for the huge success of the juniors and sophs, but let us not forget the swimmers who made their bodies into muscles of steel with hard workouts every day. There were not enough words to express the admiration and respect for all the honors the swimmers have brought to Wilson.

Although hurt by the small number of people who went out for wrestling, the team did produce a few quality wrestlers who did well in league championships. Under the coaching of Marshall Thompson, who led Millikan's JV's to a league title last year, the Bruin grapplers won only two meets this year. Their first victory was over Bishop Amat by a forfeit; then they demolished Poly 58-12. Vance Breen, Gerry Fleisher, Tom Marcoux and Joey Levy led the team with Breen going to CIF competition.

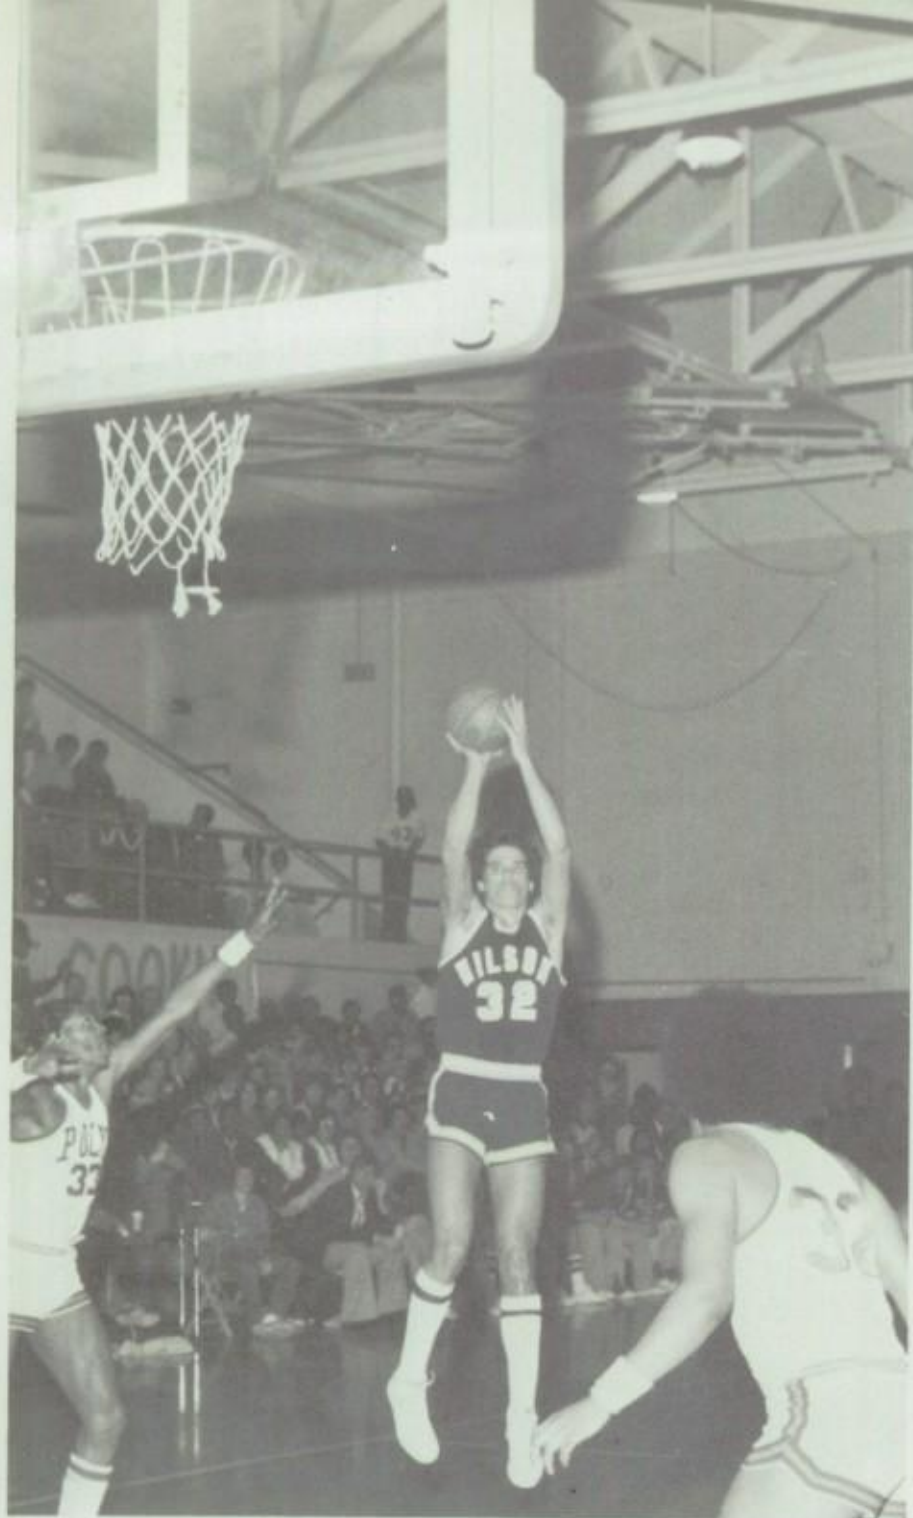

tough season pins grapplers

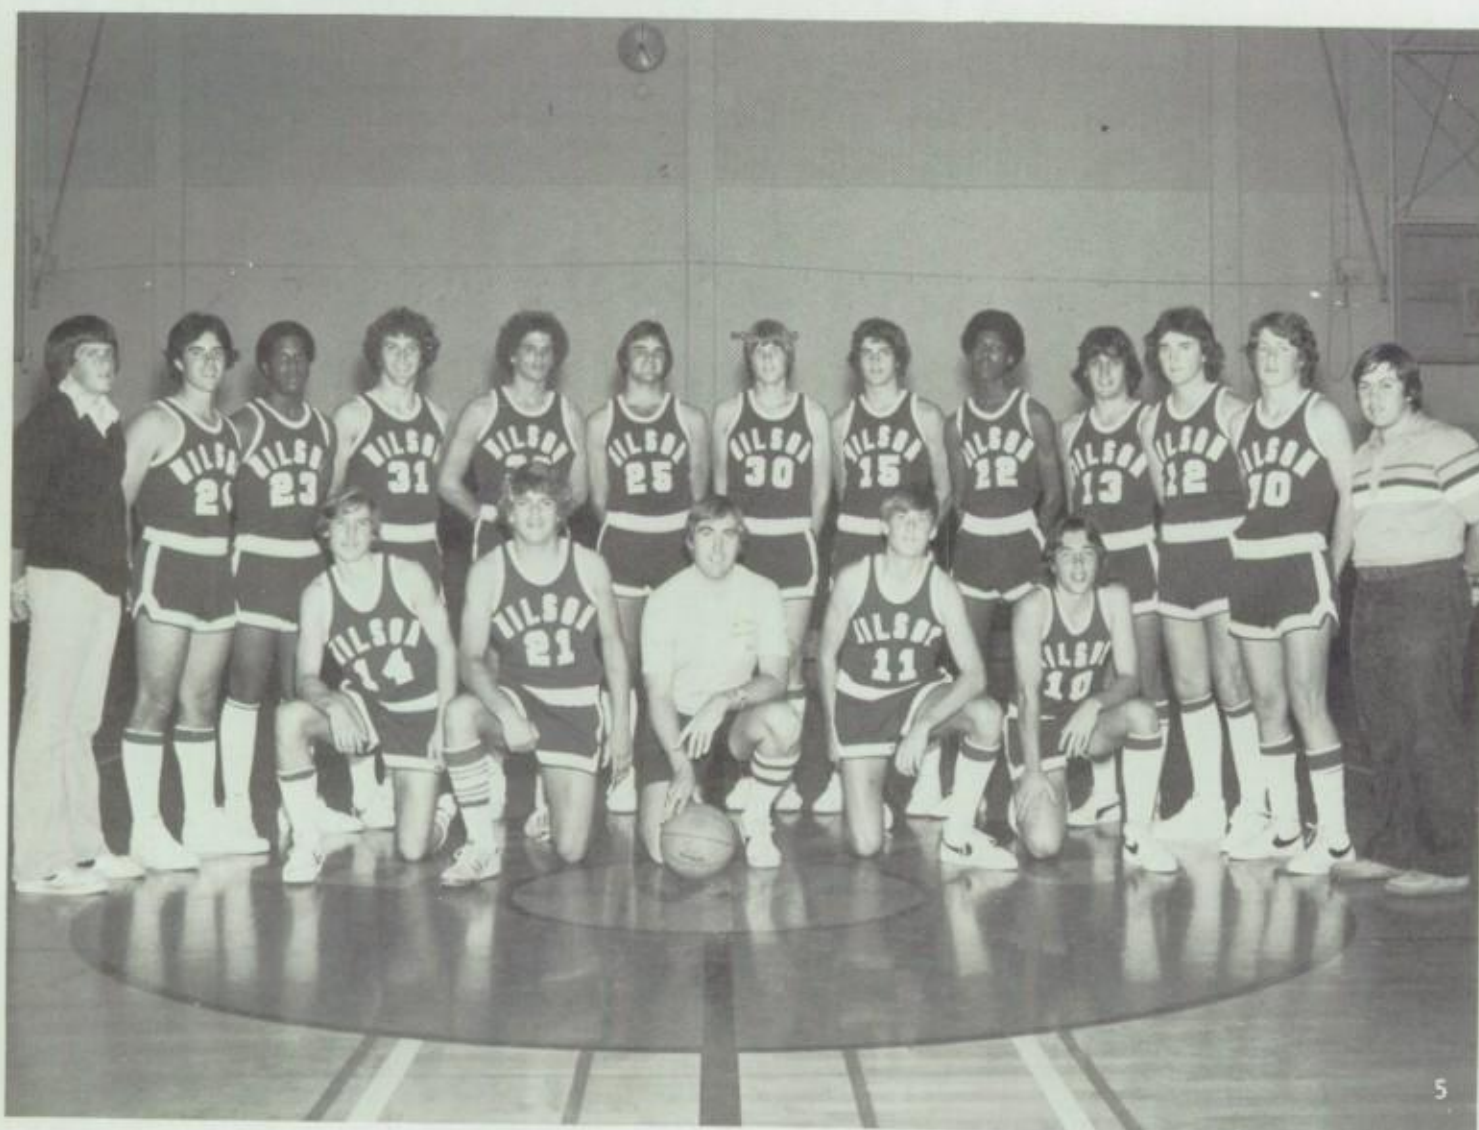

Led by head coach James Ferguson, the **Varsity basketball** team was one of the best teams Wilson has had in the last 5 years. With victories over tough opponents such as Artesia, Gahr and Fullerton, the team started out with a pre-season record of 6-8. "This year's team is a group of fine young men, who play with a great deal of enthusiasm and dedication," remarked the coach. Bucky Dennis, leading scorer and rebounder averaged 15 points and 10 rebounds a game; Mike Oates, a fine all-around player, Alan Powell, Weslie Mays and Todd Watson were assets to the hardworking team's ability.

basketball called the shots

1. Ozell Jones sets to block Bert Dumars' shot. 2. Mike Oates displayed some of his better skills in the game against Poly. 3. Determined to earn another two points, Todd Watson sets up for a shot. 4. Coach Ferguson's words "We have a chance to be one of Wilson's better basketball teams" definitely show in the styles of Bucky Dennis, Todd Watson, and Weslie Mays. 5. The 1979 Varsity basketball team was: Front row-Joe Sevreen, Eric Senske, Coach Ferguson, Kerry Greene, John Ellis. Row 2-John Lehotsky, manager, Bryan Holvey, Nance Williams, David Courdy, Mike Oates, Alan Powell, Bert Dumars, Bucky Dennis, Weslie Mays, Robert Beall, Todd Watson, Mark Prater, and Alfredo Bon, manager.

Eric Greene, Rick Beall, Bryan Holvey, Roberto Saglietto, Bobby Sommers, George Bouras, John Stephenson, Coach Cal Wulfsberg. Sophomore and sophomore reserve teams were: Front Row-Adam Sacuy, Al Anselmo, Gary Keller, Chris Elsea, Craig Bradley, Kerth Fleming, John Pham, Row 2-Stat. girl Kari Osmera, John Stylianides, Henry Sadler, Todd Miller, Scott Creager, Tom Payne, Todd Thomason, Walter Hudson, Dave Lewis, stat. girl Teri Seymour. Michael Roberts Jumps higher, jumps higher...

Many people think of **basketball** as simply trying to get an orange ball through a netted metal hoop by dribbling and passing it around a court. The JV and sophomore basketball teams found out it was a lot more. Hard work, seemingly endless practices, and strenuous conditioning were all encountered during the season.

Much spirit was also shown by enthusiastic spectators along with the players during every game and great coaching proved effective by Cal Wulfsberg (JV's) and Max Fraley (sophomores).

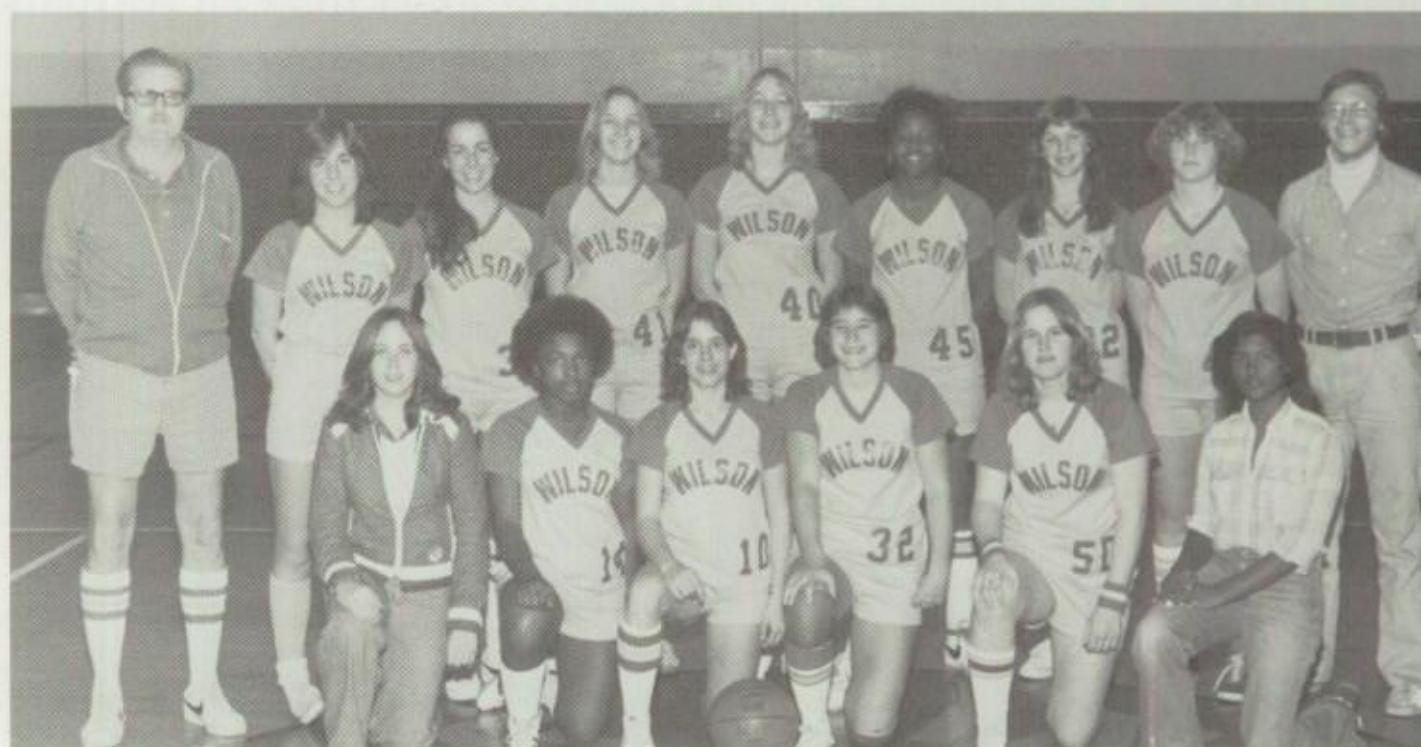

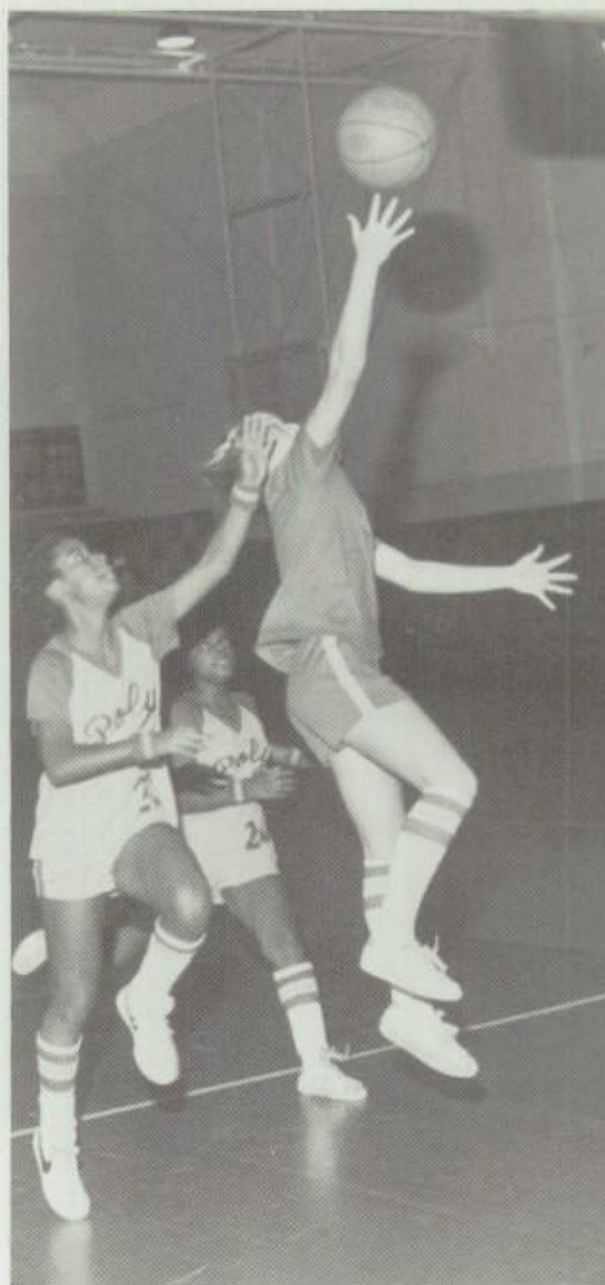

The JV team was primarily composed of juniors but also took on three outstanding sophomores. The sophomore and reserve teams were, of course, all sophomores.

Coaches Fraley and Wulfsberg were asked at the beginning of the season how they thought the teams would do. Fraley said, "We are very young and inexperienced but are learning very fast. Each time we play, we are better. Our aggressiveness must be paying off". When confronted with the same question, Coach Wulfsberg commented, "We're entering Moore League play with a 500 mark and should hold our own".

Both Varsity and JV girls' basketball teams utilized skill and intensity to produce top performances throughout the season. Varsity proved to play well under former boys' Varsity coach and last years girls' JV coach Robby Robbins while JV's also played well under their student teacher and coach, Barbara Mosher. Varsity put in their two hour a day practices during seventh period and after school while JV's practiced before school and during first period. All of the girls' practice and hard work payed off and resulted in a fine season for both teams.

Dan Cota has the balance and skill needed to be on our fantastic pommel horse team. 6. Renne Abbott shows why our girls team did so well.

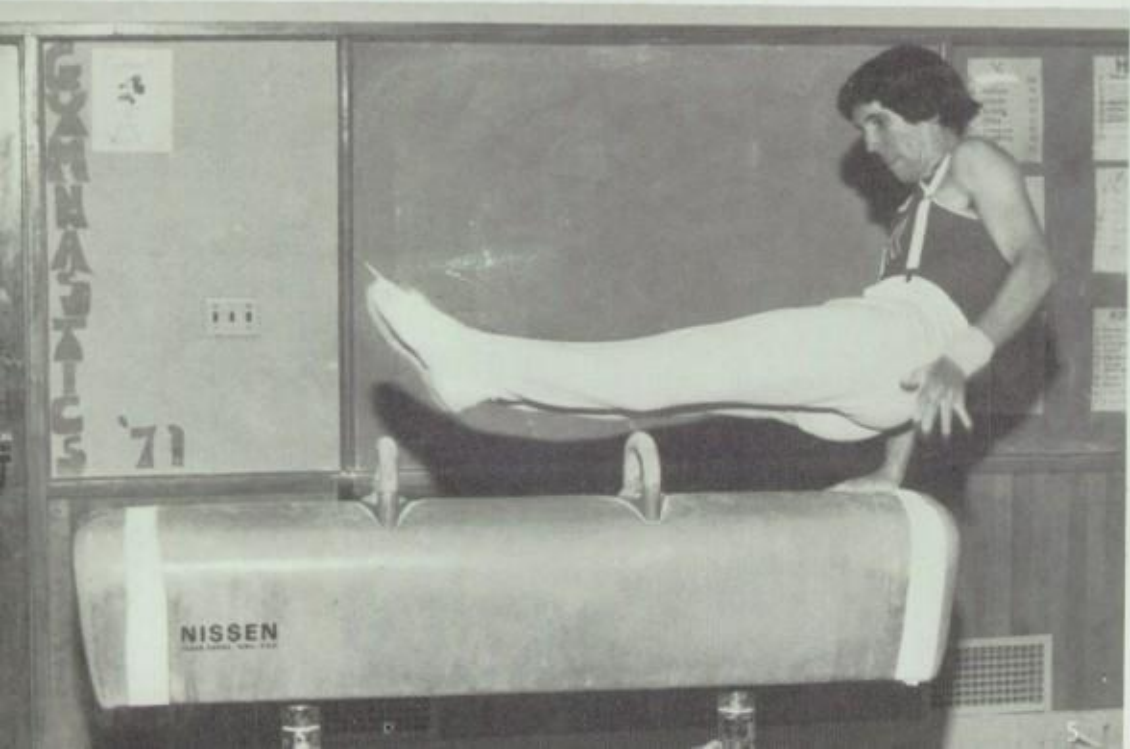

Young and inexperienced describes Wilson's 79 **varsity gymnastics** team with only six returning members. The pommel horse team had four outstanding students on it: Chintakavi Sisowath, Tim Prater, Dan Cota and Koumis Boosalis. Bill Stuart was our superb high bar man and co-captain with Brian Wardwell, a ring man who rounded out the winning ring team of Charlie Corrigan, Graham Locke and Mark Hess. Joe Pearson, a sophomore, was the all-around man. He is expected to do very well in the next two years. Despite the inexperience of the team, the same couldn't be said for Coach Jack Elder, Wilson coach of 21 years.

This is the second year that Wilson has had a girls' gymnastic team. Led by Coach Young, the team made a good showing in Moore League. Four outstanding girls were Sandy Ricca, Kym Kucera, Susan Martin and Renee Abbott.

With President Chas Cardall leading the way, **Senior Class Council** earned about three thousand dollars during the Fall semester.

They loaned two hundred dollars to junior class council to buy frozen yogurt for homecoming. They loaned Zygomax and Key Club money for a dance. Almost any club or group that asked for one was granted a loan. To earn additional funds, they sold lemonade at their homecoming booth. With their leftover monies from loans Senior Class is considering giving a new sound system for a senior gift.

Seniors at Wilson have never lacked intelligence and the class of '79 didn't break the tradition. The 1979 **Merit Program** presented awards and scholarships to seniors who scored superior on their PSAT /SAT college exams. These seniors were awarded the title of semi-finalists. Others who did well were commended. Wilson also has several **4.0** students. These are seniors that have maintained a perfect grade point average for three years. Gold robes will be worn by these individuals at graduation.

A Senior class prom committee was established this year to help the junior class council to promote the senior prom. Money was raised and donated through joint fundraisers, including the selling of Wilson key chains, by both junior and senior class members.

An auditorium sound system was the gift from the senior class this year. After putting in a new lighting system, the old sound system was no comparison. Seniors used the money earned last year from the prom to help pay for the gift. Homecoming fundraisers and other ideas were also used to help the senior class leave a very special gift to Wilson.

seniors help support prom

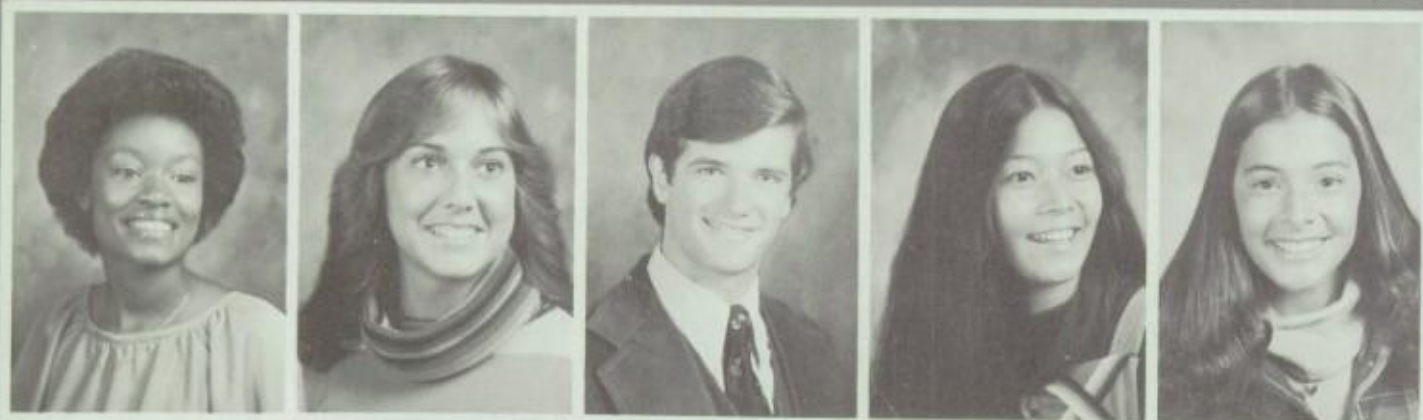

1. Ladies take over the senior class for the spring semester: Wendy Lorbeer, president (front), Carol Carne, vice president and Leslie Osmera, secretary. 2. It says what! Dan Echeto and Wendy Lorbeer can't believe the minutes from the last meeting. 3. Cathy Reed and Penny Hutchison proofread another letter about the senior gift.

Fall council began boosting their budget for the prom by selling dill pickles on Homecoming day and followed by selling Cookie Muncher's Cookies. Council also helped to throw a fund raising party to add to the prom budget. Spring class council began something new by letting the seniors help in the fund raising for the prom. Culminating the year, **Junior Class Council** promoted another successful senior prom.

juniors add class to senior prom

1. Fall officers were (bottom): vice-president, Kathy Jensen; president, Cari Huchingson; secretary, Jenny Edson. 2. Leah Raquipiso finds class council a "crack up." 3. Making plans for the next council meeting were Karen Spak and Keri Flynn. 4. Valerie Barnes, Denise Luke, and Kevin Delorto tried to think of some helpful suggestions for the upcoming sale. 5. Keri Flynn checks receipts from a previous sale. 6. Cecilia Sadler enjoys a lighter moment during an otherwise serious meeting. 7. The spring officers were vice-president, Karen Spak; president, Keri Flynn; secretary, Laura Mahone.

Wally Johnson illustrates his own story.

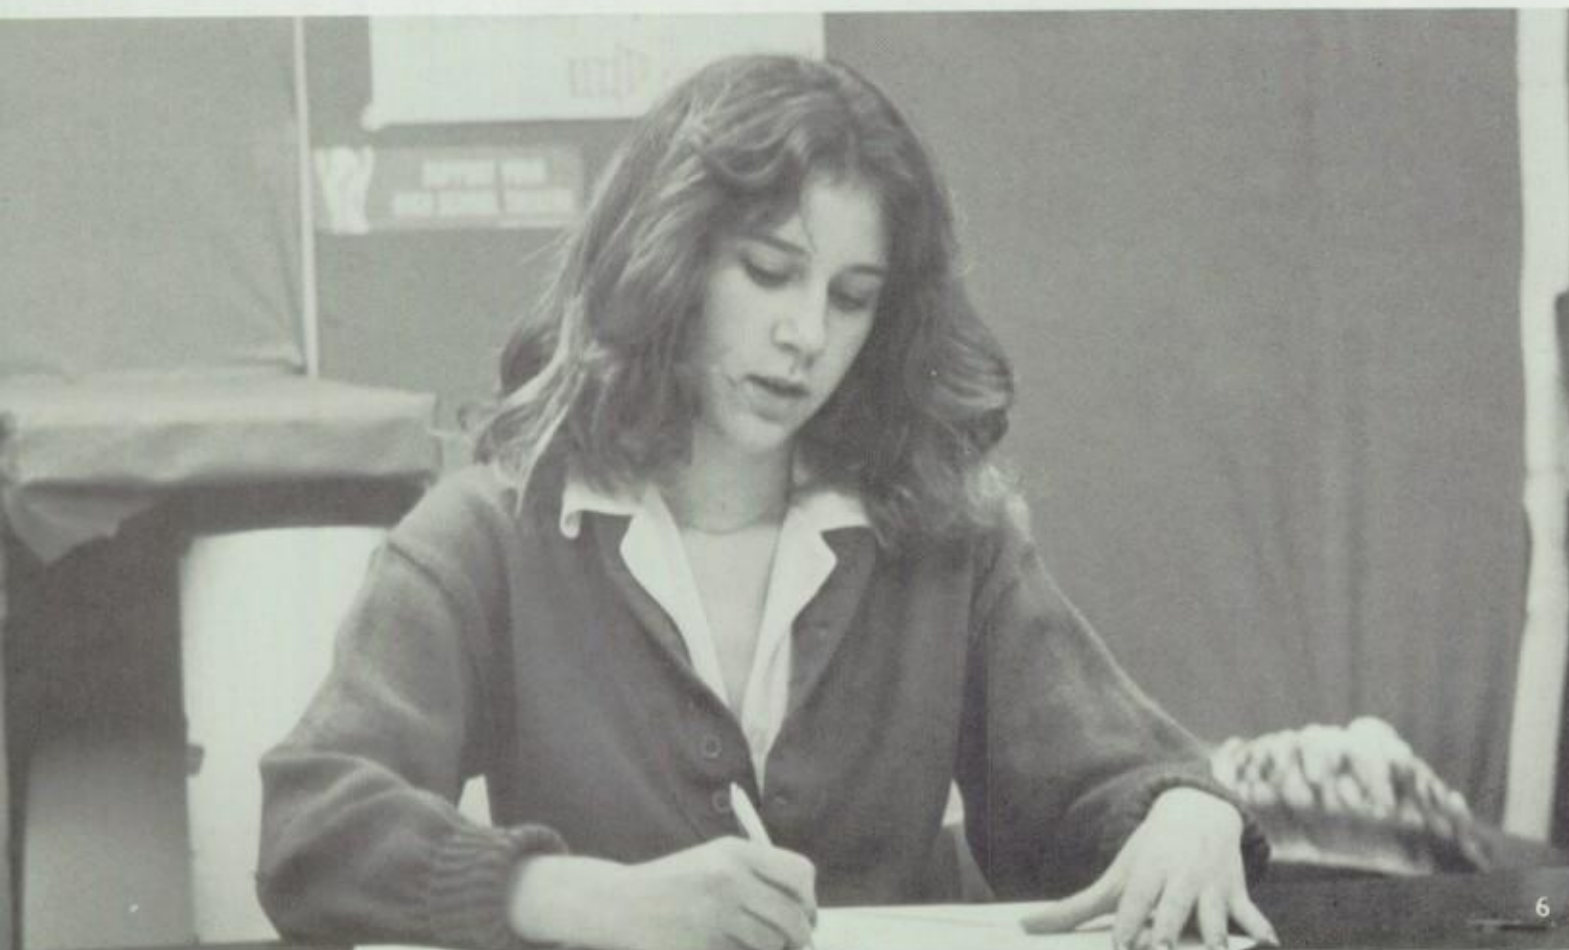

Sophomore Class Council started this year with many new projects. During homecoming their booth sold donuts and frozen yogurt. For other fund raising events, they sold candy and baked goods. In each sophomore English class, a student was elected by the class to represent them at weekly meetings. Council meetings were before school during the first quarter and later moved to nutrition. Their sponsors, Mrs. Patricia Strait and Mr. Edward Graham, helped the new sophomores during their first year.

fresh ideas aid sophomores

1. Sophomore Class Council President, Frank Santucci, stares in amazement. 2. Spring Sophomore Class President, Brad Barnes, prepares to list the candidates for super Sophs. 3. Fall Sophomore Class secretary Terri Jensen and vice-president David Gough got together after council meeting. 4. Council members enjoy themselves during meeting. 5. Members sat patiently through all meetings, no matter how long it took. 6. Spring Sophomore Class Council secretary, Valerie Smith, takes notes of the highlights of council meeting.

**we are

To be a patient, helpful, kind and same person is not always an easy task, but these requirements are being met everyday by the **administrators**, who, along with running Wilson smoothly and efficiently, also have time for coaching, teaching, and sponsoring clubs. Along with responsibility for curriculum departments, each administrator is assigned to management of a different class level. Mrs. Alta Cooke has seniors; Mr. Edward McKenzie, juniors; Mr. Robert Ware, sophomores, and instruction building operation is taken care of by Mr. Richard Parent. Coordinating the efforts of administrators, counselors and school employees is Principal Robert Ellis.

Showing their willingness to help, they walked around the campus joining in with activities, talking with students and listening to their suggestions.

Whether they were tactfully telling parents that their kids have too many trancies or listening to varied problems from teachers and students alike, they were helping to better Wilson.

administrators pave the way

1. Mr. Robert Ware solves a variety of problems as a daily job. 2. Mr. Robert Ellis and Mrs. Alta Cooke ham it up for incoming students at the annual sophomore picnic. 3. "Yes, I'll get right on it," says Mr. Richard Parent. 4. Stopping his work, Mr. Edward McKenzie takes time out to give the camera a smile. 5. During a day of heavy paperwork, Mr. Robert Ellis finds time for a breather. 6. Helping students with problems is Mrs. Alta Cooke's main job.

What do you do if you need a program change? What do you do if you need class counseling? What do you do if you need advice on school or home problems? The answer to the above three questions is to go see your counselor.

Wilson's seven counselors are specially skilled in meeting the needs of students educationally, vocationally and personally. Counselors helped plan schedules and were available to discuss tests, credits and scholarships.

For those who are fortunate enough to be returning to Wilson next year (cough, cough) get to know your counselor. Our counselors are very interesting people with a lot of experiences. Head counselor, Mr. Paul Honey, is a true family man. He devotes as much of his time as he can to his three children and wife. Mrs. Jean Lowentrout is an antique collector who loves to travel. Ask her about her anxious moments getting out from behind the Iron Curtain. Tennis is Mr. Don Menke's game. He won the National Junior College Doubles Championship in 1948. He also enjoys camping with his family. Mr. Thomas Bagshaw spends much time with his family. They vacation in Mexico regularly where they own a home. Mr. Joe Riddick loves all aquatic sports—surfing and sailing included. He often races with his family in their Cal 25. If you ask him, he could tell a funny story of how he won the Bavarian high jump in the 1960 Olympics. All of Mrs. Marcine Landon's hobbies are family oriented. They are avid sports fans who love to ski and play tennis. She also makes much of her beautiful jewelry. For those who are unaware of Mr. Max Fraley's great interest in the trivial scenes of the movies, go visit him. With his great knowledge of films he could probably tell you who played the first Tarzan, what superhero actor played in "Gone With the Wind" or just about any actor or actress in any given film.

counselors reveal varied interests

1. Mrs. Marcine Landon sympathizes with a student's problem. 2. He may not be a Cary Grant, but Mr. Max Fraley could tell you every movie Grant has starred in. He could also name every actor and what movie he played in in this poster which hangs in his office. 3. Arranging a student's schedule, Mr. Paul Honey checks to see if there is enough room for one more. 4. Mr. Joe Riddick, Mr. Thomas Bagshaw, and Mrs. Jean Lowentrout review upcoming SAT test questions. 5. Before helping students find jobs, Mr. Don Menke speaks to an employer.

One large chocolate malt; two french fries; I'm out of Doritos' I need change for a five dollar bill. These are a few of the sounds heard each day at the snack bar. The staff in the cafeteria and snack bar were patient and courteous even while working in competition with the clock.

While walking through the halls after school, the hum of vacuum cleaners could be heard. Custodians were busy at work cleaning the classrooms of whatever dust and trash was in the buildings. "The rooms were harder to maintain," said Raulo Gervacio of the newly installed carpeting.

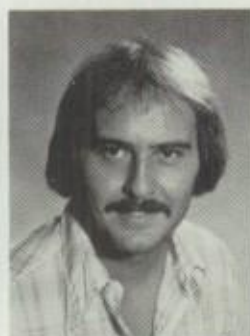

The secretarial staff kept busy with their normal duties in addition to answering many questions for confused students. Attendance office staff signed all of our readmits and permits to leave school early. The secretaries in the principal's office, media center, and counseling office kept the year running as smooth as possible.

1. Cafeteria manager smiles while totaling up students' lunch. 2. This year's cafeteria staff was: A. Long, R. Dodgen, L. Anderson, B. McCrea, R. Diaz, J. Gouger. 3. The snack bar staff for this year was: L. Carpentier, F. Nelson, L. Rizzie, and E. Harper. 4. Cafeteria workers served up warm food on those cold winter days. 5. Curiosity gets the best of Edith Whelton as she peeks in a package delivered to the counseling office.

Chris Berg, **stage manager**, does more than most people realize. Along with teaching the stage crew how to operate the new light board and supervising the construction of sets, he also schedules programs, orders supplies for the auditorium, sets up sound equipment for rallies, football games, and assemblies.

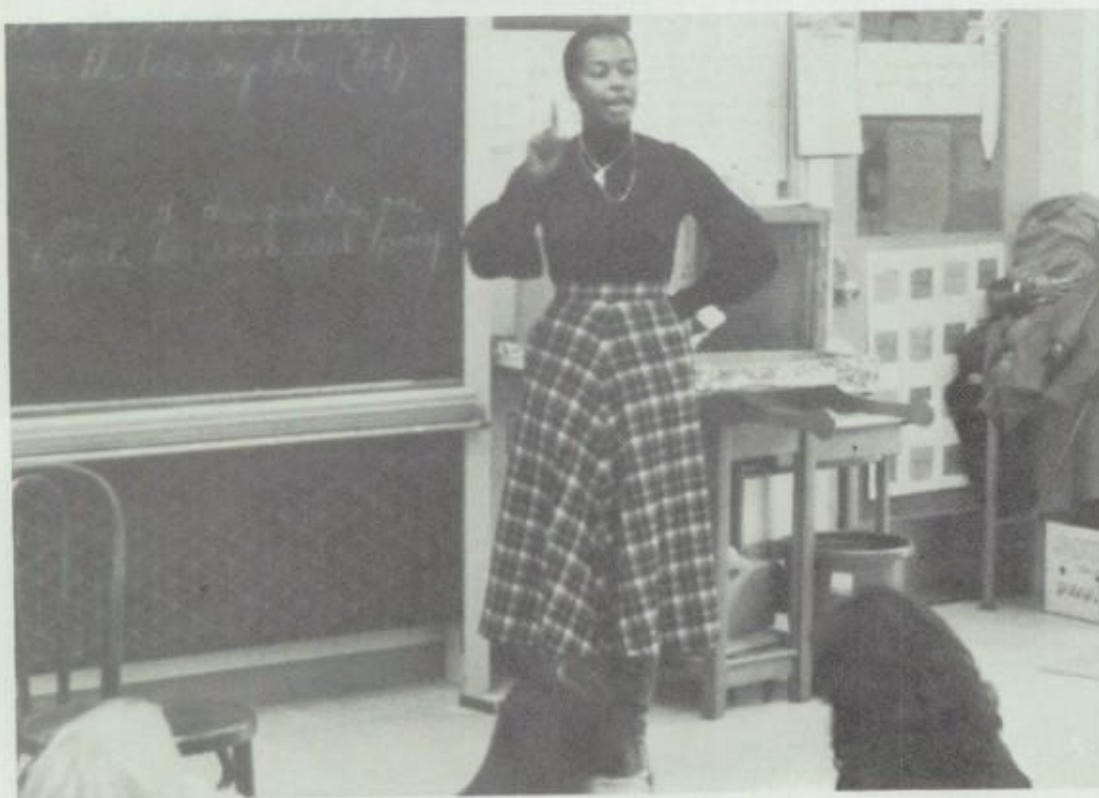

Mrs. Imogene Sowa, **school nurse**, is our pain-stopping, arm-splinting, temperature-taking, throat-soothing, dental-screening, Florence Nightingale. She does vision testing for sophomore driver's education and counseling of students. Taking students' and teachers' blood pressures and caring for all minor first aid emergencies are part of her daily routine.

Ms. McGrew, **activities director**, is the center of all activities at Wilson. She is the sponsor of Zygomas; sophomore, JV, and Varsity yell; student council; and class councils. In addition to supervising the rallies and football games, she also organizes the activities and oversees the budget. Whenever there is a question regarding something at Wilson, Ms. McGrew is usually the person who can answer it.

Mrs. Krammer, **library director**, does more than operate the library, she is in charge of all equipment and instructional programs in the Media Center, sponsors the Media Club, supervises any work in the Listening and Viewing Room and the Production Room and orders the library books.

they go beyond the call of duty

1. Assisting a student with diction, Ms. Debbie Lens helps him to improve his speech. 2. Trying not to be seen, Mrs. Barbara Thuet cautiously enters the production room. 3. Decisions, decisions are part of every day in the life of librarian, Mrs. Ellanore Kramer. 4. Ms. Karen McGrew, activities director, pauses to be sure she's typed it correctly. 5. An animated Ms. Barbara Nichols keeps her gifted students interested. 6. Checking over a student's release form, Mrs. Imogene Sowa does a double take.

Do you know where you came from? A special class of anthropology is designed to answer this question and to teach students of their origin. Students in **social studies** not only learned of the past but also of the present. Since it was an election year, social studies students became aware of their political environment. Many were concerned and involved and were given the opportunity to voice their opinions on contemporary issues. Such propositions as the 'no smoking' initiative and the 'anti-gay teachers' initiative created controversy among students. Such topics were discussed in APB, seniors honors, and especially current affairs.

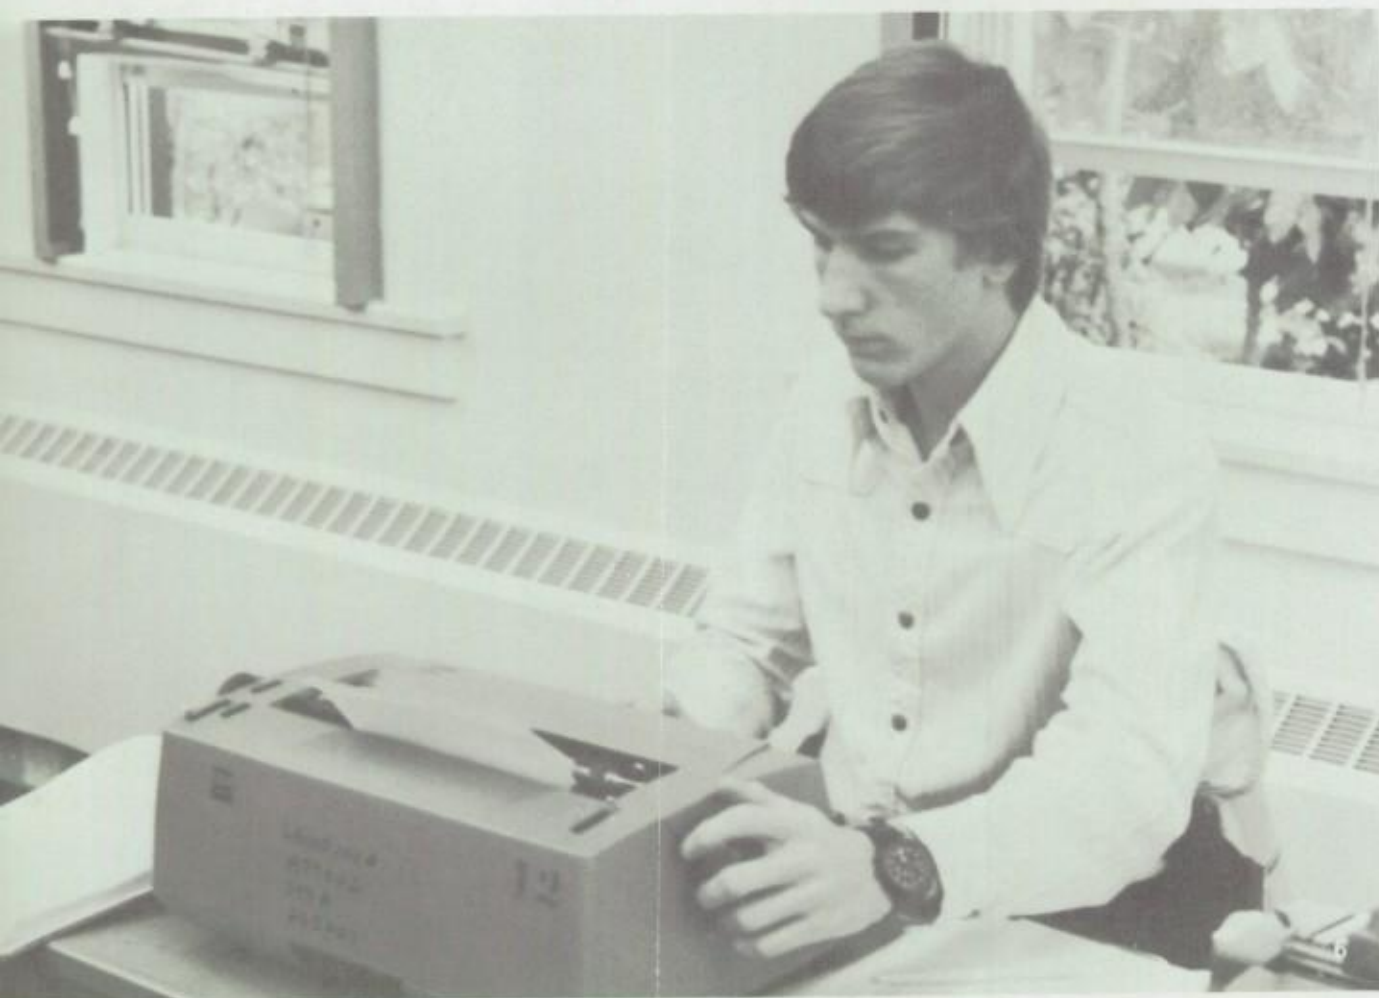

What was different about **business education**? Not much. But this is not demeaning; there just wasn't room for improvement. As in years past, Wilson offered students one of the finest business education departments. At choice was a variety of classes to prepare students in the field of business. Typing, shorthand, accounting, business law and other classes gave students the opportunity to learn and perfect skills to ready themselves vocationally.

we all need to know

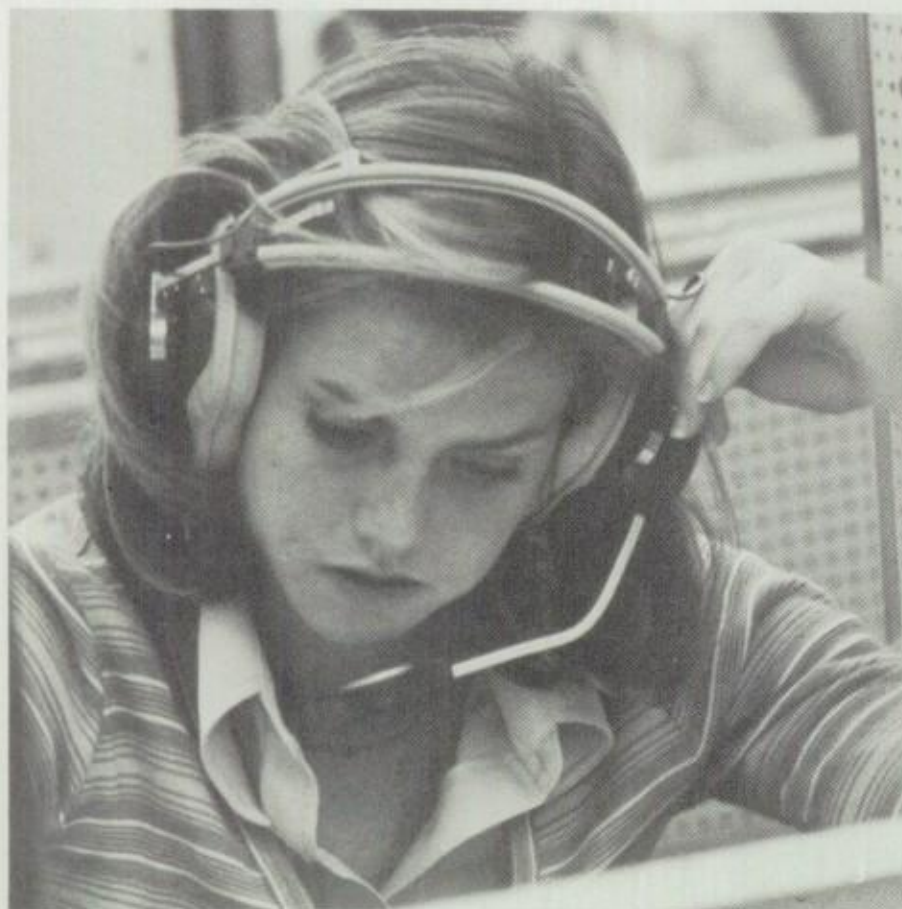

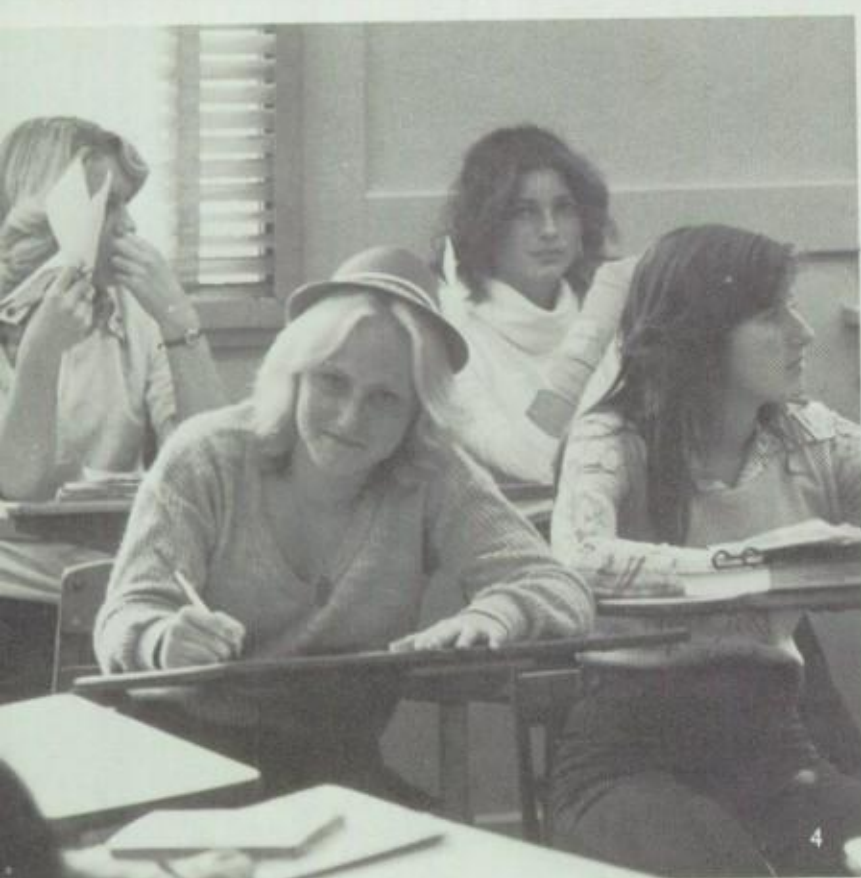

1. Students in psychology of love and marriage created and played games. Going for high rollers is Darr Sigler. 2. Kelly Teegardin plans to get it all together and find a job with the help from her career guidance class. 3. Dr. Gately's lecture creates a variety of reactions from his students. 4. Kyle Shaver points out Cuba, scene of the Bay of Pigs Invasion. 5. You could be sure what Teri Olson was writing here wasn't shorthand. Jona Huffman takes shorthand from dictation. 6. Doug Alberg looks over finished paper in vocational typing before handing it in.

Through our speaking and writing, we express ourselves and are able to communicate with others. To improve our skills in these areas, we at Wilson could choose from many different courses, ranging from selective reading to film analysis and British literature. **Foreign languages** also were available to those who wanted to communicate with and understand persons of different languages. Spanish, German, French, and Latin were those to choose from. An ELS (English as a Second Language) course was also offered to help foreign students become more adept in the English language.

language skills enhance communications

1. Inda Inge finishes her English homework in a hurry.
2. Miss Jane Townley's A.P. English class listens attentively as she discusses an upcoming exam.
3. Listening to a Spanish recording is a part of Kim Chilcot's lab work.
4. Students look like they have more on their minds than English.
5. Pat Zurek tries to get Mrs. Clement's answer to a very difficult German question.
6. "Is Spanish lab work worth all this trouble?" wonders Corinne Marquez.
7. What to do with Julie Goforth is Mr. Osmera's question.

Anyone who has walked down the hall of the top floor of the 100 building has, at one time or another, smelled something wonderful, whether it has been biscuits, stew, or yummy desserts.

Across the hall, smelling all the delicious aromas, are busy sewers creating the newest styles and fashions with help from the teacher. Any person attempting to sew without instruction or experience will wind up with an awful mess of pins, threads, and mounds of chopped up material.

Paving the way for the future, students learned different skills of working with metals, woods, and specially equipped machines. We should all salute the brave souls who stroll calmly to the mounds of construction tools. Students learn to use these tools to fix cars, build cases, print the newspaper, and repair radios as vocational arts continually strives to teach job skills.

classes increase practical skills

1. As Luc Goulet carefully lifts the metal from the flaming inferno, he makes sure not to touch the burning sides. 2. Using a jointer, Mike Marsocci smoothes out the rough, uneven edges of a piece of wood. 3. Stephanie Oliva uses lightening speed to make sure her dress would be ready on schedule. 4. "I hope this dish I've prepared tastes good," wishes Candice Dubuque, while Mrs. Roberts gets ready to test the food. 5. With determination Russell Caplan takes his time putting on a tire to perfection. 6. It is an unusual sight to see two students such as Randy Preston and David King, working over a hot stove. 7. As her hands glide over the material, Jackie Copeland starts on a new project for the upcoming semester.

Regional Occupations Center Programs offered students a new way of learning by gaining experience in areas that are not always covered by the usual school curriculum.

Under the supervision of Mr. Donald Menke, career guidance counselor, many students learned how and why to do a job well, giving them a head start in the vocation of their choice.

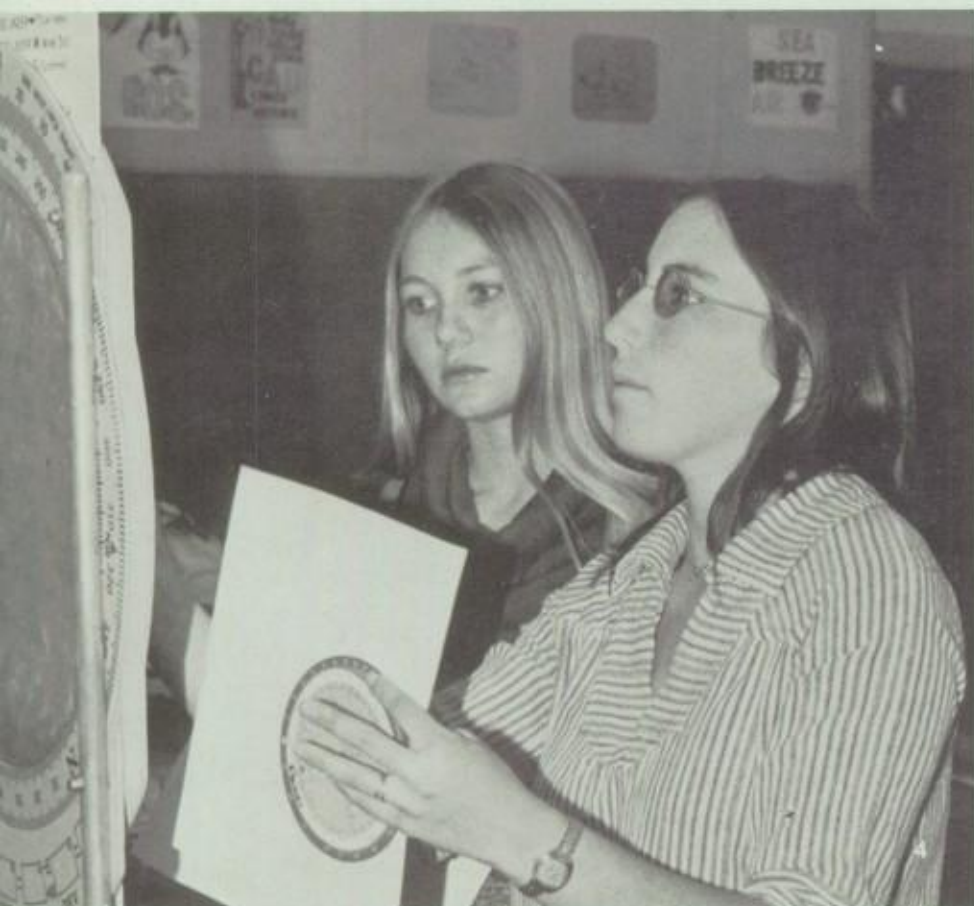

Offset printing, auto body repair, fashion merchandizing, carpentry, and animal care were just a few of the courses available to Wilson students.

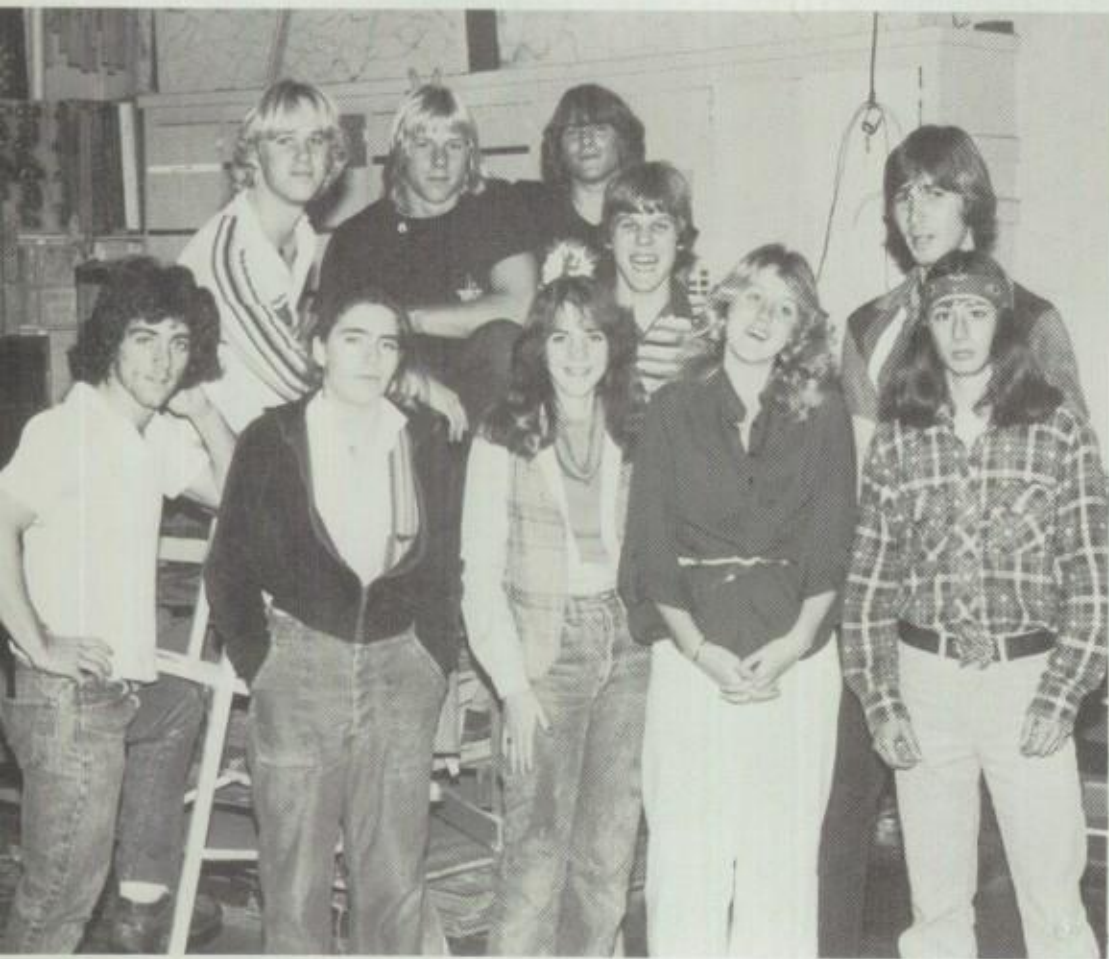

roc/rop
students learn
how and why

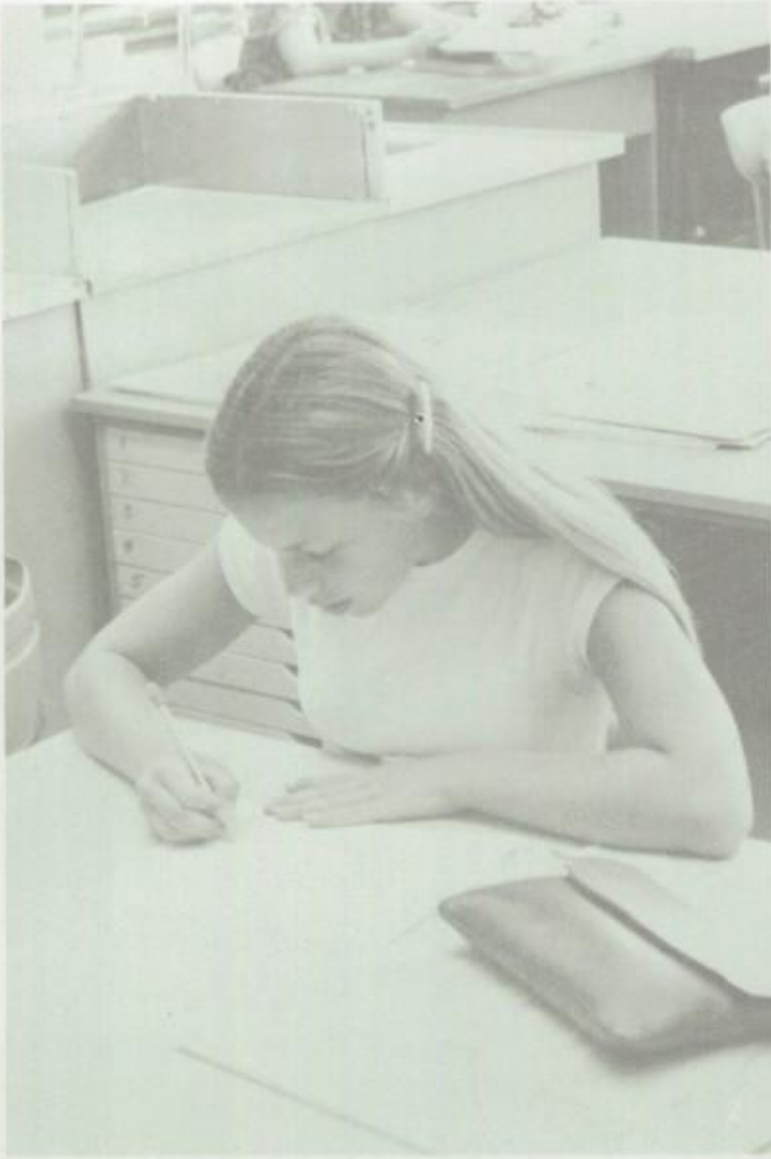

1. Shanna Crook knows that paper work can pile up quickly at the Holiday Inn. 2. In the motorcycle repair class, Mike Hood shows Pat Westfall what needs to be fixed. 3. Selling foodstuffs and casheiring at the Holiday Inn is rewarding for Daryn DeCamp. 4. Lisa Redkey and Frances Highfill try to figure out how the flight computer works. 5. Three hundred mailslots make for a lot of cleaning for Phil Cook. 6. Vincent Parks keeps an eye on the presses as he waits for the paper to be completed.

1. Nadeem Peter paints a background flat for Wilson's annual swim show. 2. Leslie Alsenz works on her latest assignment with graceful movement of the hand. 3. Stage crew members were: Front row-Mike Friedman, Cynthia Shields, Kathy Neas, Sue Kelly, Rick Phelps. Row 2-Eric Sundell, Greg Fuess, Todd Newman, Tony Verkuyl and Mike Gibbs. 4. Greg Fuess directs other students in helping him prop up a backdrop. 5. Rebecca Ramirez and Kari Douglas perfect their ceramic projects. 6. Cynthia Shields and Kathy Neas adjust a prop used in the production, "Once Upon a Clothesline."

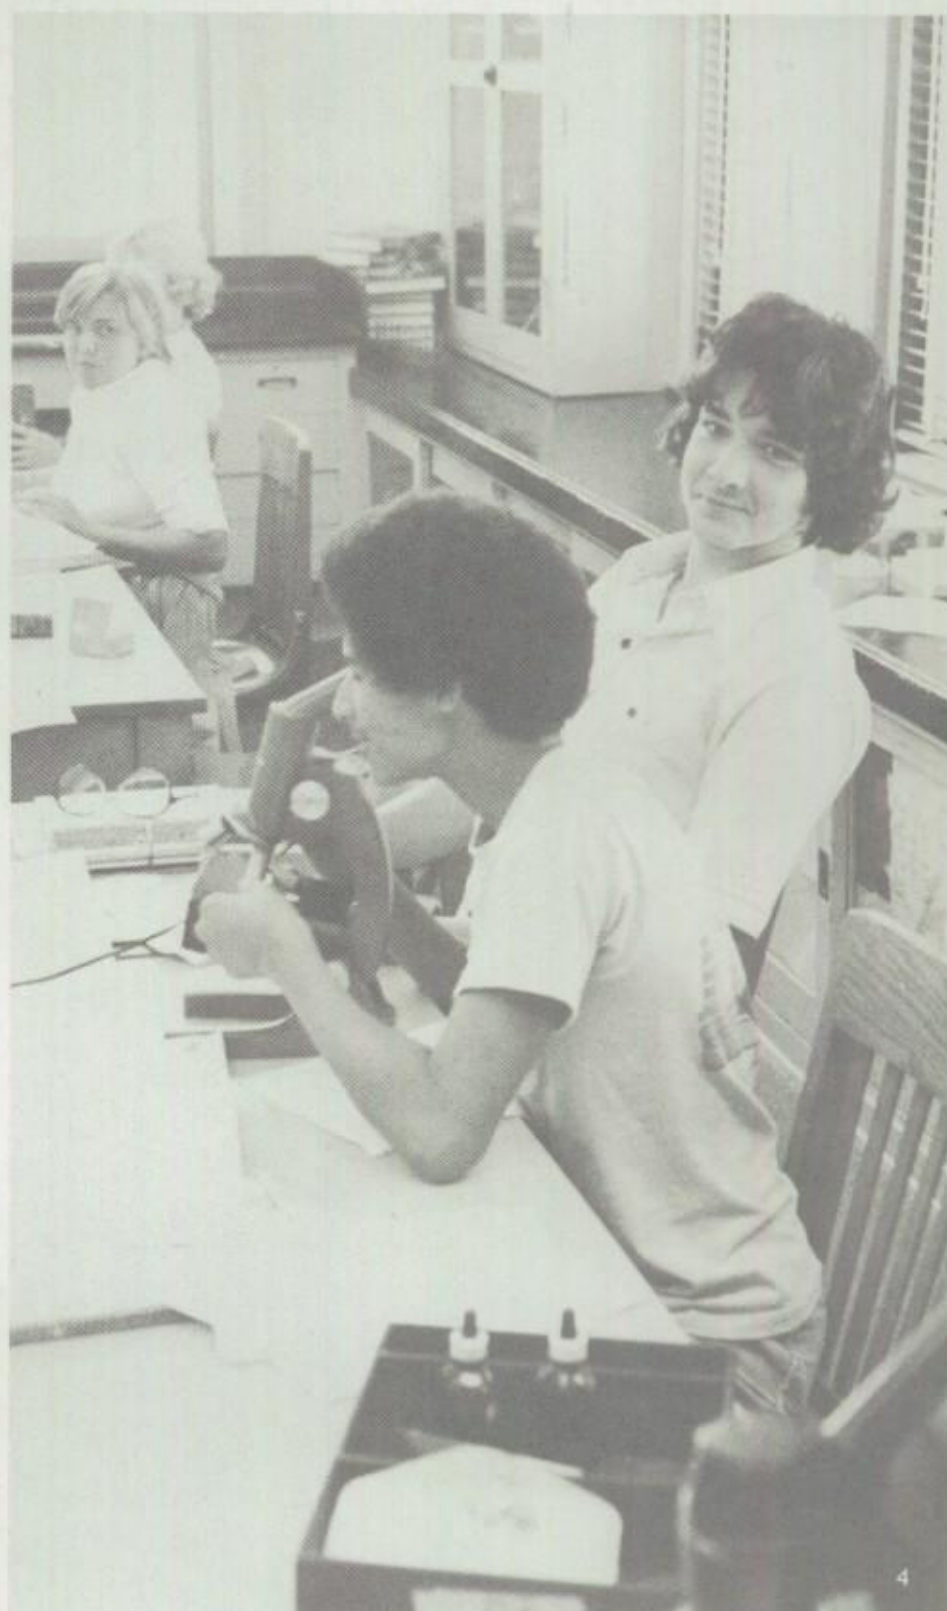

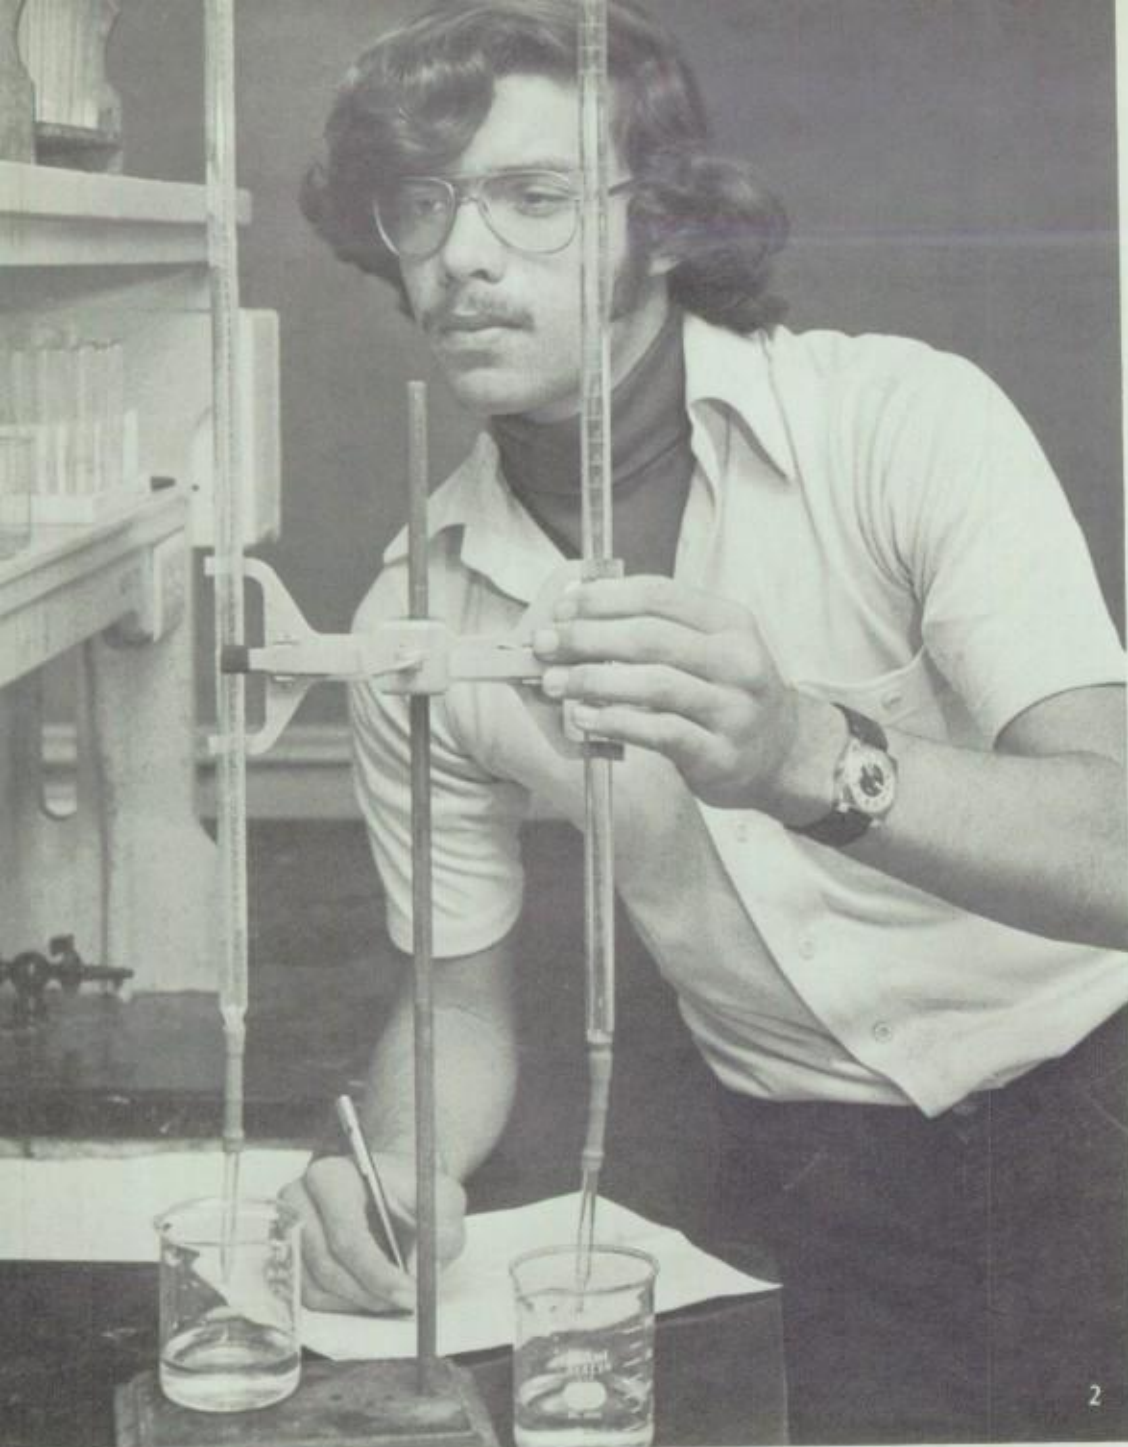

Stage crew workshop worked hard to help with homecoming this year under the direction of Mr. Lou Eilerman. This year's homecoming float was designed by Susie Kelly, one of stage crew's active members. They also designed, built, and put up the sets for Wilson's excellent production and musical. Other areas of art at Wilson included drawing and painting, ceramics, and pottery. Work from these classes were displayed during open house at Wilson's annually held art exhibition.

artists show talents in various ways

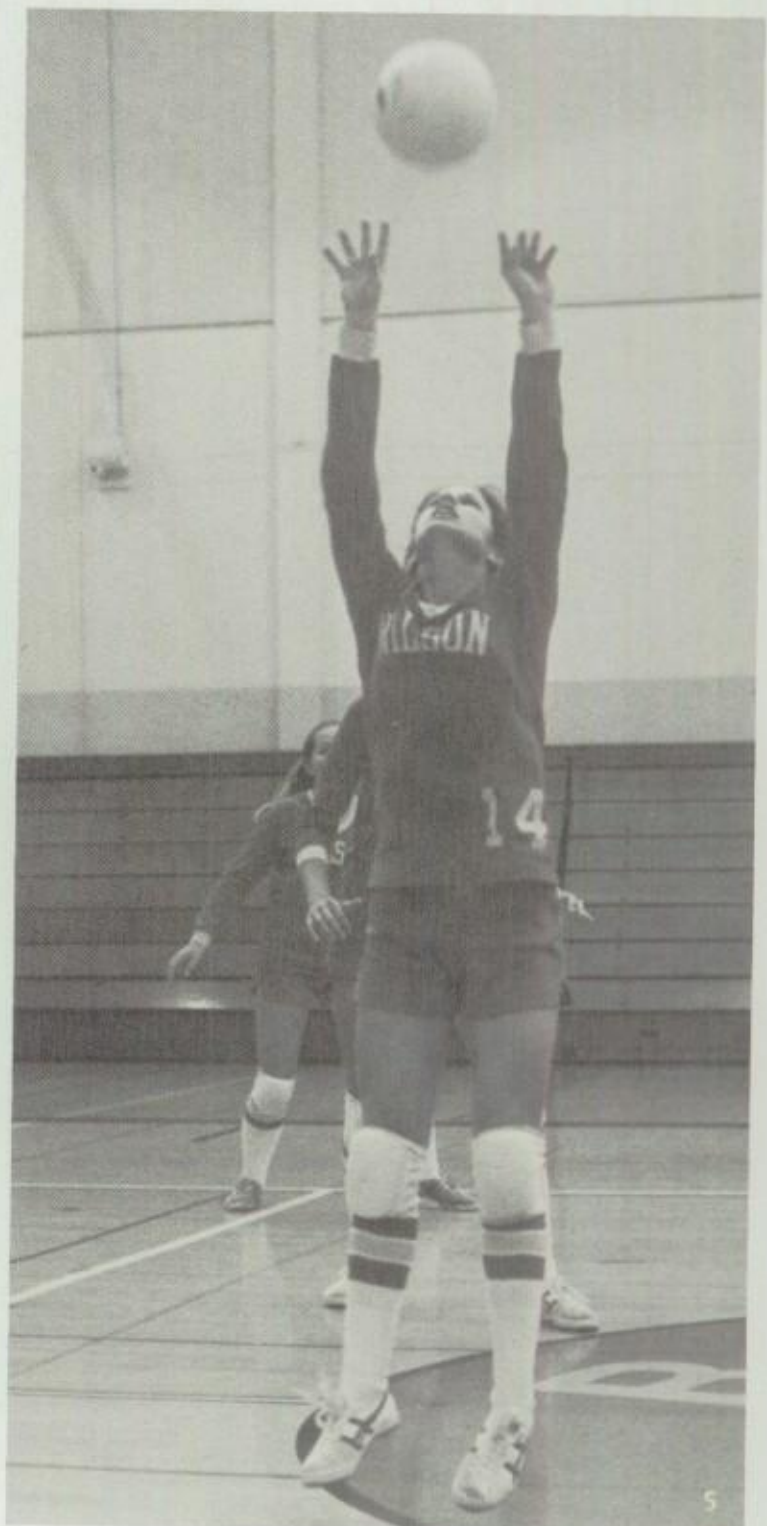

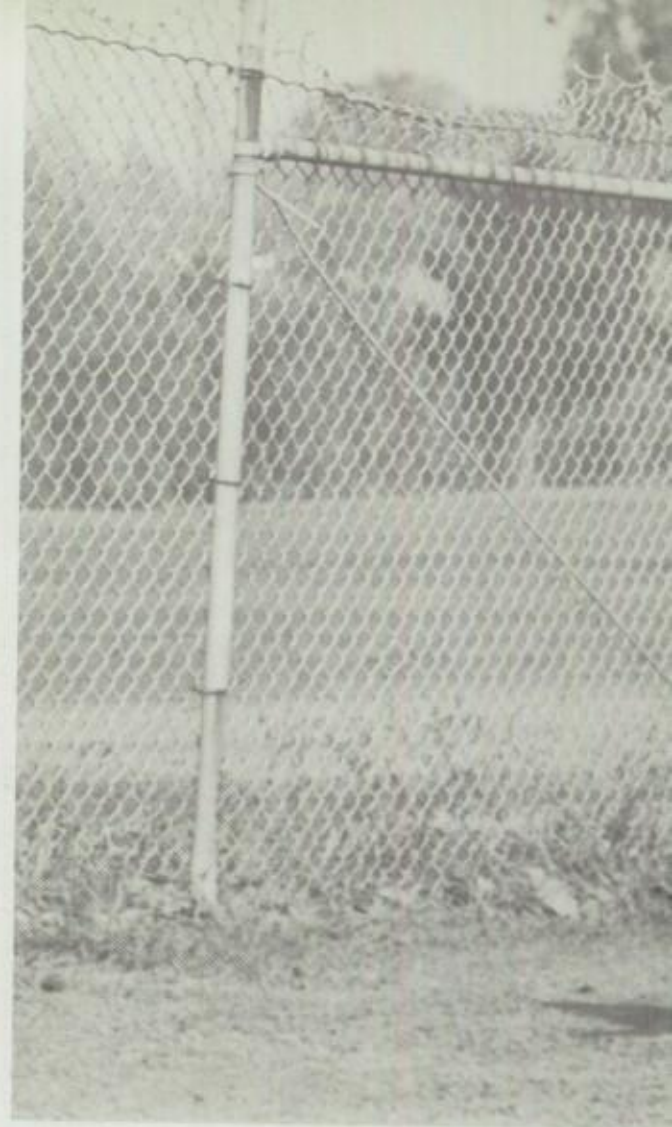

1. It is not unusual to see Mr. Cure teaching math in this dignified position. 2. Our top science student, Scott Gronert, received three scores of 800 on the SATs. 3. Smiling, Mary Eddy seems not to know what waits for her in future days of tackling math problems. 4. Angelo Stamateas and Mike Barnes studied intently to get good grades for the semester. 5. To keep from getting her fingers from burning to a crisp, Kristi McNaughton used steel forceps for burning materials. 6. Flashing her fabulous smile at the camera, Brenda Babcock seemed contented.

There are not too many students who enjoy dissecting frogs, worms, and other interesting animal subjects, but students had to accomplish this task as one part of their education in the **science** program. **Math** is another important step in a Wilson students' process of learning. Students can figure out many different problems in their lives by deducting and evaluating using math techniques as guides. Even though there may be some unpleasant experiences awaiting newcomers in the fields of science and math, a student will find their math experience helpful on the road to success.

**working hard
only brings
students success**

1. Ready, aim, ... fire! Lawren Smith gives the ball a smack right in the kisser. 2. Running with powerful strides, Teri Grimsby and Lori Delgado race onward. 3. Chuck Hume, a former Wilson student, came over to study the new group of NJROTC participants. 4. The '78-'79 NJROTC cadets were: Front row-K. Perle, D. Singeler, B. Perle, B. Frutiger, D. Bregand, M. Billetts, M. Denney, J. Huber, C. Jacobs. Row 2-G. Crowley, G. Webb, D. Bell, D. Robertson, R. Mitchell, Y. Lee, K. Funderburk, M. Edwards, T. Kendall, B. Keeney, J. Castillo. Row 3-K. King, J. Garcia, K. Smith, J. Goopio, D. Cruz, M. Fitzgerald, D. Slaney, R. Lander, S. Kauanagh. Row 4-S. Vivero, E. Johnson, P. Miney, C. Brown, D. Montez, J. Pennington, D. Erickson, M. Belli, M. Thomas. Row 5-B. DeAlba, S. Jones, T. Glick, M. Maricle, J. Riles, S. Blankenship and M. Dean. 5. Reaching up and outward, Francie Anselmo set the ball to one of her teammates. 6. There are many busy days for Captain Montz working as head man for the NJROTC.

Most people at Wilson did not understand all the advantages of the **NJROTC**. In this special program, there were extra-curricular activities such as: drill teams, color guards, rifle teams, honor guards, and many other exciting events. This year three students went on a trip on the USS John Craig DD-885. Also, many students went to Hawaii over Spring Vacation. There are exciting challenges with the NJROTC, and careers are made everyday from this worthwhile organization.

Careers are being made from the **physical education department**. Hard work is involved in getting your body in great physical shape, but some people think students are born with special talents. The truth revealed that our campus had dedicated, hardworking students which made Wilson one of the best athletic schools in Long Beach.
